Determination of Nonattainment and Reclassification of the Imperial County Nonattainment Area: 8-Hour Ozone

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to find that the Imperial County marginal 8-hour ozone nonattainment area has failed to attain the 8-hour ozone national ambient air quality standard (NAAQS or standard) by June 15, 2007, the attainment deadline set forth in the Clean Air Act (CAA) and Code of Federal Regulations (CFR) for marginal nonattainment areas. If EPA finalizes this finding, the Imperial County area will be reclassified, by operation of law, as a moderate 8-hour ozone nonattainment area. The moderate area attainment date for the Imperial County area would then be as expeditiously as practicable but no later than June 15, 2010. Once reclassified, California must submit State Implementation Plan (SIP) revisions that meet the 8-hour ozone nonattainment requirements for moderate areas as required by the CAA. In this action, EPA is also proposing the schedule for the State's submittal of the SIP revisions required for moderate areas once the area is reclassified.
