Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of

proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Pretesting of Substance Abuse Prevention and Treatment and Mental Health Services Communication Messages—(OMB No. 0930–0196)—Extension

As the Federal agency responsible for developing and disseminating authoritative knowledge about substance abuse prevention, addiction treatment, and mental health services and for mobilizing consumer support and increasing public understanding to overcome the stigma attached to addiction and mental illness, the Substance Abuse and Mental Health Services Administration (SAMHSA) is responsible for development and dissemination of a wide range of education and information materials for both the general public and the professional communities. This submission is for generic approval and will provide for formative and qualitative evaluation activities to (1) Assess audience knowledge, attitudes, behavior and other characteristics for the planning and development of messages, communication strategies and public information programs; and (2) test these messages, strategies and program components in developmental form to assess audience comprehension, reactions and perceptions. Information obtained from testing can then be used to improve materials and strategies while revisions are still affordable and possible. The annual burden associated with these activities is summarized below.

Activity	Number of respondents	Responses/respondent	Hours per response	Total hours
Individual In-depth Interviews:				
General Public	400	1	.75	300

Activity	Number of respondents	Responses/respondent	Hours per response	Total hours
Service Providers	200	1	.75	150
Focus Group Interviews:				
General Public	3,000	1	1.5	4,500
Service Providers	1,500	1	1.5	2,250
Telephone Interviews:				
General Public	335	1	.08	27
Service Providers	165	1	.08	13
Self-Administered Questionnaires:				
General Public	2,680	1	.25	670
Service Providers	1,320	1	.25	330
Gatekeeper Reviews:				
General Public	1,200	1	.50	600
Service Providers	900	1	.50	450
Total	11,700			9,290

Note: The hourly wage of \$13.99 for the general public was calculated based on weighted data from the 2005 NSDUH respondents' personal annual income. The \$25 hourly wage rate for providers is an average across counselors and other service provider staff.

Note: Brief interviews with callers to SAMHSA's public information centers to test message concepts and strategies following their call-in request to the 1-800 number.

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 7-1044, One Choke Cherry Road, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: March 2, 2007.

Elaine Parry,

Acting Director, Office of Program Services.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration

(SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Targeted Capacity Expansion Grants for Jail Diversion Program Evaluation—Additional Trauma Measures—(OMB No. 0930-0277)—Revision

The Substance Abuse and Mental Health Services Administration's (SAMHSA), Center for Mental Health Services (CMHS) has implemented the Targeted Capacity Expansion Grants for Jail Diversion Programs. The Program currently collects client outcome measures from program participants who agree to participate in the evaluation. Data collection consists of interviews conducted at baseline, 6- and 12-month intervals.

The current proposal requests:

1. Adding a new instrument, the PTSD Checklist (PCL), as a measure of trauma-specific symptoms to the baseline, 6- and 12-month interviews.

2. Extending the use of DC Trauma Screen, currently administered only at baseline, to be included in the 6- and 12-month interviews. The DC Trauma Screen examines the prevalence of experience of trauma within general types.

The PCL and the DC Trauma Screen each take 5 minutes to complete. Including these measures would add 5 minutes to the length of the baseline interview and ten minutes to the length of the 6- and 12-month interviews.

New grantees were awarded on April 30, 2006 under the TCE Grants for Jail Diversion program and will commence data collection efforts in FY 2007. The following tables summarize the burden for the data collection.

CY 2007 ANNUAL REPORTING BURDEN FOR THE ADDITIONAL MEASURES

Data collection activity	Number of respondents	Responses per respondent	Average hours per response	Annual hour burden
Client Interviews:				
Baseline Interview	220	1	.83	183
6-month Interview	90	1	.92	83
12-month Interview	10	1	.92	9
Total:	320	3		275

CY 2008 ANNUAL REPORTING BURDEN FOR THE ADDITIONAL MEASURES

Data collection activity	Number of respondents	Responses per respondent	Average hours per response	Annual hour burden
Client Interviews:				
Baseline Interview	300	1	0.83	249
6-month Interview	210	1	0.92	193
