Comet SARA, S.p.A	10
Tyco Adhesives Italia S.p.A ¹	10
All Others	10

Wire Decking from the People's Republic of China: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 13, 2009.

FOR FURTHER INFORMATION CONTACT:

Robert Copyak, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone 202-482-2209.

SUPPLEMENTARY INFORMATION:

Background

On July 2, 2009, the Department of Commerce (the Department) initiated the countervailing duty investigation of wire decking from the People's Republic of China. *See Wire Decking From the People's Republic of China: Initiation of Countervailing Duty Investigation*, 74 FR 31700 (July 2, 2009).

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, the Department may postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation if, pursuant to section 703(c)(1)(B) of the Act, the Department concludes that the parties concerned in

the investigation are cooperating and determines that the investigation is extraordinarily complicated and that "additional time is necessary to make the preliminary determination."

The Department is currently investigating a number of complex alleged subsidy programs, including various loan programs, grants, income tax incentives, and the provision of goods and services for less than adequate remuneration. Due to the number and complexity of the alleged subsidy programs being investigated, we find that this investigation is extraordinarily complicated and that additional time is necessary to make the preliminary determination. Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated. The deadline for completion of the preliminary determination is now November 2, 2009.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: August 7, 2009.

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION: On July 20, 2009, ONMS published a request for application to fill a vacancy on the MBNMS Advisory Council (74 FR 35160). The original deadline for submitting applications was August 21, 2009. ONMS is extending that deadline until September 11, 2009.

The MBNMS Advisory Council was established in March 1994 to assure continued public participation in the management of the Sanctuary. Since its establishment, the Advisory Council has played a vital role in decisions affecting the Sanctuary along the central California coast.

The Advisory Council's twenty voting members represent a variety of local user groups, as well as the general public, plus seven local, State and Federal governmental jurisdictions. In addition, the respective managers or superintendents for the four California National Marine Sanctuaries (Channel Islands National Marine Sanctuary, Cordell Bank National Marine Sanctuary, Gulf of the Farallones National Marine Sanctuary and the Monterey Bay National Marine Sanctuary) and the Elkhorn Slough National Estuarine Research Reserve sit as non-voting members.

Four working groups support the Advisory Council: The Research Activity Panel ("RTP") chaired by the Research Representative, the Sanctuary Education Panel ("SEP") chaired by the Education Representative, the Conservation Working Group ("CWG") chaired by the Conservation Representative, and the Business and Tourism Activity Panel ("BTAP") chaired by the Business/Industry Representative, each dealing with matters concerning research, education, conservation and human use. The working groups are composed of experts from the appropriate fields of interest and meet monthly, or bi-monthly, serving as invaluable advisors to the Advisory Council and the Sanctuary Superintendent.

The Advisory Council represents the coordination link between the Sanctuary and the State and Federal

management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the central California coastal and marine ecosystems.

The Advisory Council functions in an advisory capacity to the Sanctuary Superintendent and is instrumental in helping develop policies, program goals, and identify education, outreach, research, long-term monitoring, resource protection, and revenue enhancement priorities. The Advisory Council works in concert with the Sanctuary Superintendent by keeping him or her informed about issues of concern throughout the Sanctuary, offering recommendations on specific issues, and aiding the Superintendent in achieving the goals of the Sanctuary program within the context of California's marine programs and policies.
