**Bayou Cove Peaking Power, LLC;
Notice of Application for Commission
Determination of Exempt Wholesale
Generator Status**

April 19, 2002.

Take notice that on April 17, 2002, Bayou Cove Peaking Power, LLC (Bayou Cove) filed with the Federal Energy Regulatory Commission (Commission) an application for determination of exempt wholesale generator status pursuant to section 32 of the Public Utility Holding Company Act of 1935 (PUHCA) and Part 365 of the Commission's regulations.

As more fully explained in the application, Bayou Cove states it is a limited liability company that will be engaged either directly or indirectly and exclusively in the business of owning and operating an electric generation facility located in Louisiana.

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance). Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

Comment Date: May 10, 2002.

[Docket No. CP01-45-002]

**Colorado Interstate Gas Company;
Notice of Amendment to Certificate of
Public Convenience and Necessity**

April 23, 2002.

Take notice that on April 18, 2002, Colorado Interstate Gas Company (CIG), Post Office Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP01-45-002 an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations to amend the certificate of public convenience and necessity issued to CIG on January 30, 2002 in Docket Nos. CP01-45-000 and CP01-45-001, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance).

The January 30, 2002 certificate of public convenience and necessity (January 30 Order) authorized CIG to construct, install, own, operate and maintain pipeline and compression facilities on its interstate pipeline system in Colorado to provide up to 282,000 Dth per day of firm transportation capacity for electric generators and local distribution companies along the eastern slope of the Rocky Mountain Front Range. Among the authorized facilities to be installed were two new 2,225 horsepower (ISO rated) natural gas fired reciprocating engines along with appurtenant facilities at CIG's existing Fort Lupton Compressor Station in Weld County, Colorado.

Based upon operational data from similar existing units at the Fort Lupton Compressor Station and consultations with CIG's equipment manufacturer, CIG now proposes to install a single 4,445 horsepower (ISO rated) natural gas fired reciprocating engine at the Fort Lupton Compressor Station in lieu of the two units authorized in the January 30 Order. CIG asserts that the single unit will be able to provide the proposed services and will have lower air quality impacts and will lower CIG's estimated capital costs by about \$969,500.

Any questions concerning this application may be directed to Robert T. Tomlinson, Director, Regulatory Affairs Department, Colorado Interstate Gas Company, P.O. Box 1087, Colorado
