Alfa Laval Inc., Formerly Known as Tri-Clover, Kenosha, Wisconsin; Notice of Negative Determination Regarding Application for Reconsideration

By application dated February 21, 2002, the International Association of Machinists and Aerospace Workers, Lodge 34 requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA), applicable to workers and former workers producing pumps and valves of the subject firm. The denial notice for pumps was signed on January 30, 2002, and was published in the **Federal Register** on February 13, 2002 (67 FR 6748). The denial notice for valves was signed on January 30, 2002 and will soon be published in the **Federal Register**.

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The NAFTA-TAA petition, filed on behalf of workers at Alfa Laval, Inc., formerly known as Tri-Clover engaged in activities related to the production of pumps and valves was denied because criteria (3) and (4) were not met. Imports from Canada or Mexico did not contribute importantly to workers' separations. There was no shift in production of valves and pumps from the subject firm to Canada or Mexico during the relevant period. The investigation further revealed that during 2000, Tri-Clover was acquired by a company that also owned Alfa Laval.
