Notice of Availability (NOA) for Sharpe Permit Relinquishment Project Environmental Assessment

AGENCY: Defense Logistics Agency, DoD.

ACTION: Notice of Availability (NOA) for Sharpe Permit Relinquishment Project Environmental Assessment.

SUMMARY: The Defense Logistics Agency (DLA) announces the availability of an environmental assessment (EA) for the potential environmental impacts associated with the proposed action to relinquish DLA's current permit from the U.S. Department of the Army for the use and occupancy of the Defense Distribution Depot San Joaquin, California—Sharpe [Sharpe Site]. The EA has been prepared as required under the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4331 *et seq.*) In addition, the EA complies with DLA Regulation (DLAR) 1000.22. The EA evaluates the potential environmental impacts of relinquishing the permit and moving the Sharpe Site operations to the near-by Defense Distribution Depot San Joaquin, California—Tracy Site and potentially other DLA facilities. Based on the analysis in the EA, DLA has determined that the proposed action was not a major federal action significantly affecting the quality of the human environment within the context of NEPA. Therefore, the preparation of an environmental impact statement (EIS) is not required.

DATES: The public comment period will end 30 days after publication of this NOA in the **Federal Register**. Comments received by the end of the 30-day period will be considered when preparing the final version of the document. The EA is available electronically at <http://www.dla.mil/Documents/Sharpe%20EA%20040113%20v1%20from%20Anil%20received%20in%20DSE%2004-03-13pdf.pdf>. Abstract: This Upward Bound (UB) study, sponsored by the U.S. Department of Education, focuses on the implementation strategies of all regular UB projects. To do so, project directors will be asked to complete a 40 minute survey. This survey will serve two main purposes:

1. To describe the services and strategies that Upward Bound grantees implement. Upward Bound projects are required to provide a wide-range of services, and are allowed to provide other services as well. The survey will attempt to capture program offerings, requirements, and features of the program that participants experience and which may improve their prospects of successfully competing high school, entering college, and completing college.

2. To provide input into the decision-making process to identify a strategy to test as part of a random assignment demonstration. ED has contracted with a research team to (1) conduct a rigorous evaluation of college savings accounts in the context of the GEAR UP Program and (2) under an option that could be exercised by ED, conduct a random assignment demonstration of one or more promising strategies that could be implemented in an Upward Bound context to improve participant outcomes. This survey of UB grantees will probe into specific UB programmatic areas to identify to determine the prevalence of different implementation strategies and obtain a more complete picture on how some of these strategies are implemented. The results of this survey will inform the UB community as a whole as well as the planned future work noted above.
