### Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

On December 29, 2020, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Texas in the lawsuit entitled *United States et al. v. E. I. du Pont de Nemours and Company and The Chemours Company FC, LLC, Case No. 1:20-cv-00556*. The proposed Consent Decree resolves the United States' claims, on behalf of the National Oceanic and Atmospheric Administration and the United States Department of the Interior, as Federal Trustees, joined by the State of Texas, on behalf of the Texas Commission on Environmental Quality, the Texas General Land Office, and the Texas Parks and Wildlife Department, as State Trustees, pursuant to Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9607(a), and the Texas Hazardous Substances Spill Prevention and Control Act, Texas Water Code §§ 26.261–26.267, for the recovery of damages for injury to, destruction of, loss of, and loss of use of natural resources and their services resulting from the release of hazardous substances at and from the Beaumont Works Industrial Park Complex into the West Marsh Site located in Beaumont, Texas. Plaintiffs are trustees for those natural resources. The proposed Consent Decree resolving

these claims provides for Settling Defendants to implement a Restoration Project that entails recording a conservation easement on a 500-acre tract of valuable but otherwise unprotected habitat near the injured area (the "Acquisition Property") to compensate for the natural resource damages. The Restoration Project also includes the performance of baseline biological monitoring of the Acquisition Property, annual monitoring of Acquisition Property, and legal enforcement of the Conservation Easement. The Decree also provides for payments by Settling Defendants totaling \$198,853 to reimburse the Trustees' costs of assessment and for payment of the Trustees' Future Costs of overseeing the Restoration Project.

### Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)

On December 16, 2020, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Delaware in the lawsuit entitled *United States v. Delaware*, Civil Action No. 1:20-cv-01703–UNA.

The United States filed this lawsuit under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) against the state of Delaware. The complaint seeks recovery of past costs that the United States Environmental Protection Agency (EPA) incurred in responding to releases or threatened releases of hazardous substances at a former landfill at the Governor Bacon Health Center/Fort DuPont State Park in New Castle County, Delaware. Under the consent decree, Delaware agrees to pay \$1,889,992.30 of EPA's past response costs, while the United States Department of Defense (Settling Federal Agency) agrees to pay \$1,700,993.07 of EPA's past response costs. In return, the United States agrees not to sue Delaware under Sections 107 and 113 of CERCLA, and Delaware agrees not to sue the United States for any portion of EPA's past response costs, including under Sections 107 or 113 of CERCLA.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Delaware*, D.J. Ref. No. 90–11–3–11709.
