BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER02-899-000]

Southwest Power Pool, Inc.; Notice of Filing

March 12, 2002.

Take notice that on January 30, 2002, Southwest Power Pool, Inc. (SPP) tendered for filing with the Federal Energy Regulatory Commission (Commission), 78 executed service agreements for Loss Compensation Service under the SPP Tariff.

SPP seeks an effective date of January 1, 2002, for each of these agreements.

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance). Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Comment Date: March 22, 2002.

Magalie R. Salas,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Intent To File for New License

March 12, 2002.

a. *Type of Filing:* Notice of Intent to File an Application for New License.
b. *Project No.:* 7758-000.
c. *Date Filed:* February 27, 2002.
d. *Submitted By:* City of Holyoke Gas and Electric Department—current licensee.

e. *Name of Project:* Number 4 Hydroelectric Project.

f. *Location:* On the Holyoke Canal System of the Connecticut River, in the City of Holyoke, Hampden County, Massachusetts. The project does not occupy federal lands.

g. *Filed Pursuant to:* Section 15 of the Federal Power Act

h. *Licensee Contact:* Paul Ducheneay, Hydro Superintendent, City of Holyoke Gas and Electric Department, 99 Suffolk Street, Holyoke, MA 01040 (413) 536-9340.

i. *FERC Contact:* Tom Dean, thomas.dean@ferc.gov, (202) 219-2778.

j. *Effective date of current license:*

March 1, 1957.

k. *Expiration date of current license:* February 28, 2007.

l. *Description of the Project:* The project consists of the following existing facilities: (1) Two 76-foot-long, 7-foot-diameter penstocks drawing water from the first level canal of the Holyoke Canal System; (2) a powerhouse containing two generating units with a total installed capacity of 760 kW; (3) two 300-foot-long, 13-foot-wide tailraces discharging water into the second level canal; (4) a 25-foot-long, 4.8 kV transmission line; and (5) other appurtenances.

m. Each application for a license and any competing license applications must be filed with the Commission at least 24 months prior to the expiration of the existing license. All applications for license for this project must be filed by February 28, 2005.

n. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the

instructions (call 202-208-2222 for assistance). A copy is also available for inspection and reproduction by contacting the applicant identified in item h above.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7159-7]

Privacy Act of 1974; System of Records

AGENCY: Environmental Protection Agency.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Environmental Protection Agency (EPA) publishes this notice of a new system of records entitled "Central Data Exchange-Customer Registration Subsystem (CDX-CRS)." The system will contain information on individuals who have registered and established accounts to access CDX, EPA's electronic compliance filing and environmental data exchange system. Individuals with CDX accounts may engage in electronic filing of environmental documents as permitted under the Government Paperwork

Elimination Act (GPEA), and as required under appropriate environmental statutes. The information maintained by the CDX-CRS includes the individual's name and related identifiers, work contact information, supervisor's name and contact information, and information about the EPA program under which the individual plans to report electronically. The information will be used to protect and manage access to the individual's account on CDX.

DATES: Comments must be received no later than April 17, 2002. This new system of records will commence April 26, 2002 unless the Agency receives comments which would result in a contrary determination.

ADDRESSES: Persons wishing to submit comments should direct them to: Environmental Protection Agency, Office of Environmental Information, Collection Services Division, MS 2823, 1200 Pennsylvania Avenue, Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Valerie Brecher Kovacevic at *brecher-kovacevic.valerie@epa.gov*, or 202-260-9488. If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:

EPA/CDX-CRS

SYSTEM NAME:

EPA Central Data Exchange—Customer Registration Subsystem (CDX-CRS)

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

The system will be operated and maintained by EPA or organizations under contract with the EPA (henceforth referred to as "EPA") at their place of business. The system is currently maintained at Logistics Management Institute, 2000 Corporate Ridge Drive, McLean, VA 22102-7805.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

This system contains records on all individuals that have either attempted to register or have registered to obtain an account to use CDX for electronically exchanging data with EPA. Registered users of EPA's CDX-CRS may include representatives of industry, government or laboratories exchanging information with EPA through CDX.

CATEGORIES OF RECORDS IN THE SYSTEM:

This system contains records including individual's name, self-

assigned user name and security question, work title, work address and related work contact information (e.g., phone and fax numbers, E-mail address), supervisor's name and related contact information, and information related to the EPA reporting program the individual is planning to electronically file or report under (e.g., EPA program ID # and EPA program role) and the method of reporting (web browser, file exchange). The individual registering for CDX will also generate a self-assigned password that will be stored on the CDX-CRS, but it will only be accessible to the registering individual. The system will also store other system-generated data such as the registration date and time, digital certificate identifier, and other identifiers for internal tracking. Upon assignment of the password and ID code, the user may subsequently access the CDX system by entering these data and CDX will use this information to authenticate the individual's access to CDX.

AUTHORITY FOR MAINTENANCE OF SYSTEM:

In accordance with the Government Paperwork Elimination Act (44 U.S.C. 3504), EPA's electronic compliance filing and environmental data exchange system will enable the "acquisition and use of information technology, including alternative information technologies that provide for electronic submission, maintenance, or disclosure of information as a substitute for paper and for the use and acceptance of electronic signatures." Section 3504(a)(1)(B)(vi) of Title 44, United States Code.

PURPOSE(S):

Central Data Exchange is EPA's portal for electronically exchanging environmental data with our external customers. Individual external users with CDX accounts may engage in secure, electronic filing of environmental documents as permitted under the Government Paperwork Elimination Act (GPEA), and as required under appropriate environmental statutes. CDX-CRS was developed to protect the EPA and CDX system users from individuals seeking to gain unauthorized access to user accounts on CDX.

The information contained in records maintained in the CDX-CRS system is used for the purposes of verifying the identity of the individual, informing users of the conditions and terms of using CDX, allowing individual users to establish an account on CDX, providing individual users access to their CDX account for electronically filing compliance data or exchanging other

forms of environmental data, allowing individual users to customize, update or terminate their account with CDX, renewing or revoking an individual user's account on CDX, supporting the CDX help desk functions, investigating possible fraud and verifying compliance with program regulations, and initiating legal action against an individual involved in program fraud, abuse, or noncompliance.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

CDX-CRS records will be used to facilitate registering CDX system users, issuing a username and password, and subsequently, verifying an individual's identity as he/she seeks to gain routine access to his/her account. In some cases the user verification process will require EPA to contact the employer, based on the registration information provided by the user. The system has secondary uses that include: using the established username to facilitate tracking service calls or e-mails from the user in the event that there is a change in registration status or a problem the user has with CDX, offering the user new CDX service options, and facilitating the retrieval of user actions (e.g., historical submissions and help tickets) and events while on the CDX system. The records may also be subsequently used for auditing or other internal purposes of the EPA, including but not limited to: instances where enforcement of the conditions of using CDX are necessary; investigation of possible fraud involving a registered user; litigation purposes related to information reported to the agency; contacting the individual in the event of a system modification; a change to CDX; or modification, revocation or termination of user's access privileges to CDX.

EPA may disclose information contained in a record in this system of records under the routine uses listed in this notice without the consent of the individual if the disclosure is compatible with the purposes for which the record was collected. These disclosures may be made on a case-by-case basis or under a computer matching agreement if the Agency has complied with the computer matching requirements of the Act.

The general routine uses for EPA's CDX are listed as follows:

Disclosure for Law Enforcement Purposes, Disclosure Incident to Requesting Information, Disclosure to a Requesting Agency, Disclosure to Congressional Offices, Disclosure to Department of Justice, Disclosure to the National Archives, Disclosure to

Contractors, Grantees, and Others, Disclosure for Administrative Claims, Complaints, and Appeals, and Disclosure in Connection With Litigation.

A detailed description of these routine uses can be found in the **Federal Register**, Privacy Act of 1974: System of Records, Creation of Eleven New Privacy Act System of Records Notice (at 66 FR 49947 (2001)) and also on the National Archives and Records Administration website, Privacy Act Issuances—1999 Compilation at: <http://www.access.gpo.gov/su—docs/aces/PrivacyAct.shtml?desc015.html>.

In addition, the following routine uses may also apply:

PROGRAM DISCLOSURES:

The Agency may disclose information from this system to Federal, State, or local agencies, private parties such as relatives, present and former employers and business and personal associates, and hearing officials for the following purposes:

- (a) To verify the identity of the individual;
- (b) To enforce the conditions or terms of Agency program regulations;
- (c) To investigate possible fraud and verify compliance with Agency program regulations;
- (d) To prepare for litigation or to litigate collection service and audit;
- (e) To initiate a limitation, suspension and termination (LS&T), debarment, or suspension action;
- (f) To investigate complaints, update files, and correct errors.

LITIGATION AND ALTERNATIVE DISPUTE RESOLUTION (ADR) DISCLOSURES:

(a) In the event that one of the parties listed below is involved in litigation or ADR, or has an interest in litigation or ADR, the Agency may disclose certain records to the parties described in paragraphs (b), (c), and (d) of this routine use under the conditions specified in those paragraphs:

- (i) The Environmental Protection Agency, or any component of the Agency; or
- (ii) Any Agency employee in his or her official capacity; or
- (iii) Any Agency employee in his or her individual capacity if the Department of Justice (DOJ) has agreed to provide or arrange for representation for the employee;
- (iv) Any Agency employee in his or her individual capacity where the agency has agreed to represent the employee; or
- (v) The United States where the Agency determines that the litigation is likely to affect the Agency or any of its components.

(b) Disclosure to the DOJ. If the Agency determines that disclosure of certain records to the DOJ is relevant and necessary to litigation or ADR, the Agency may disclose those records as a routine use to the DOJ.

(c) Administrative Disclosures. Agencies that may obtain information under this routine use include, but are not limited to, the Office of Personnel Management, Office of Special Counsel, Merit Systems Protection Board, Federal Labor Relations Authority, Equal Employment Opportunity Commission, and Office of Government Ethics.

(d) Parties, counsels, representatives and witnesses. If the Agency determines that disclosure of certain records to a party, counsel, representative or witness in an administrative proceeding is relevant and necessary to the litigation, the Agency may disclose those records as a routine use to the party, counsel, representative or witness.

Research Disclosure: The Agency may disclose records to a researcher if an appropriate official of the Agency determines that the individual or organization to which the disclosure would be made is qualified to carry out specific research related to functions or purposes of this system of records. The official may disclose records from this system of records to that researcher solely for the purpose of carrying out that research related to the functions or purposes of this system of records. The researcher shall be required to maintain Privacy Act safeguards with respect to the disclosed records.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The CDX is a new system for which the Agency is in the process of establishing a records schedule. The CDX will be taking e-transactions and preserving them in accordance with applicable EPA and other Federal policy and regulations. The CDX currently stores records on magnetic and/or digital formats. All record storage procedures are in accordance with current applicable regulations.

RETRIEVABILITY:

Records are retrievable by the CDX user name, program ID number, or all or part of the individual's name.

SAFEGUARDS:

EPA has minimized the risk of unauthorized access to the system by establishing a secure environment for exchanging electronic information. Physical access to the data system housed within the facility is controlled

by a computerized badge reading system, and the entire complex is patrolled by security during non-business hours. The computer system offers a high degree of resistance to tampering and circumvention. Multiple levels of security are maintained with the computer system control program. This system limits data access to EPA and contract staff on a need to know basis, and controls individuals ability to access and alter records with the system. All users of the system of records are given a unique user identification (ID) with personal identifiers. All interactions between the system and the authorized individual users are recorded.

RETENTION AND DISPOSAL:

The EPA will retain and dispose of these records in accordance with National Archives and Records Administration General Records Schedule 20, Item 1.c. This schedule provides disposal authorization for electronic files and hard copy printouts created to monitor system usage, including but not limited to log-in files, audit trail files, system usage files, and cost-back files used to access charges for system use. Records will be deleted or destroyed when the Agency determines they are no longer needed for administrative, legal, audit, or other program purposes.

SYSTEM MANAGERS AND ADDRESS:

USEPA, Office of Environmental Information, (MS2823), 1200 Pennsylvania Ave. NW., Washington, DC 20460, Attn: Chief, Central Receiving Branch.

NOTIFICATION PROCEDURE:

Requests to determine whether this system of records contains a record pertaining to the requesting individual should be sent to the USEPA, Office of Environmental Information, (MS2823), 1200 Pennsylvania Ave. NW., Washington, D.C. 20460, Attn: Chief, Central Receiving Branch. To send a fax request: 202-401-0182. To determine whether a record exists regarding you in the system of records, provide the system manager with your name and username. Requests must meet the requirements of the regulations at 40 CFR part 16.

RECORD ACCESS PROCEDURES:

A request for record access shall follow the directions described under Notification Procedure and will be addressed to the system manager at the address listed above.

CONTESTING RECORDS PROCEDURES:

If you wish to contest a record in the system of records, contact the system manager with the information described under Notification Procedure, identify the specific items you are contesting, and provide a written justification for each item.

RECORD SOURCE CATEGORIES:

Information is obtained from individuals who have had or seek to have their identity authenticated except that a password and a username are explicitly self-assigned by the user registering to gain access to CDX.

SYSTEM EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

None.

Kim Nelson,

Assistant Administrator and Chief Information Officer, Office of Environmental Information, EPA.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

March 11, 2002.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before May 17, 2002. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES Direct all comments to Judy Boley Herman or Leslie Smith, Federal Communications Commission, Room 1-C804 or Room 1-A804, 445 12th Street, SW., Washington, DC 20554 or via the Internet to jbherman@fcc.gov or lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judy Boley Herman at 202-418-0214 or via the Internet at jbherman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0463.

Title: Telecommunications Services for Individuals with Hearing and Speech Disabilities and the Americans with Disabilities Act of 1990, 47 CFR Part 64 (Sections 64.601-64.605).

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, state, local or tribal government.

Number of Respondents: 5,052.

Estimated Time Per Response: 5.31 hours (average hour per response).

Frequency of Response: On occasion, annual and every five year reporting requirements; third party disclosure requirement, and recordkeeping requirement.

Total Annual Burden: 26,831 hours.

Total Annual Cost: N/A.

Needs and Uses: The Americans with Disabilities Act of 1990 (ADA), Public Law 101-336, 104 Stat. 327, 366-69, was enacted on July 26, 1990. The purpose of the ADA is to provide a clear and comprehensive national mandate to end discrimination against individuals with disabilities and to bring persons with disabilities into the economic and social mainstream of American life; to provide enforceable standards addressing discrimination against individuals with disabilities; and to ensure that the Federal government play a central role in enforcing these standards on behalf of individuals with disabilities. Title IV of the ADA adds section 225 to the Communications Act of 1934. Section 225 requires the Commission to promulgate regulations that require all domestic telephone common carriers to provide telecommunications relay services (TRS). 47 CFR part 64, subpart F implements certain provisions of the ADA. It contains the operational

technical, and functional standards required of all TRS providers and the procedures for state certification. In a Memorandum Opinion and Order (MO&O) issued in CC Docket No. 98-67, released December 21, 2001, the Commission adopted cost-recovery guidelines to telecommunications relay services (TRS), speech-to-speech relay services (STS), and video relay services (VRS). These guidelines are based, in part, on the recommendation of the Interstate TRS Advisory Council and the TRS Fund Administrator. Among other things, the Commission expanded TRS Data Request to capture separately STS costs and minutes include specific sections to capture separately VRS costs and minutes for this service. Other requirements approved under this control number and unaffected by the MO&O follow. Section 64.605 describes the state certification procedures by which states may apply to assert jurisdiction over the provisions of intrastate TRS. Section 64.604(c)(1) requires states to maintain a log of consumer complaints including all complaints about TRS in the state, whether filed with the TRS provider or the State, and must retain the log until the next application for certification is granted. Pursuant to section 64.604(c)(2) states must submit to the Commission a contact person or office for TRS consumer information and complaints about intrastate TRS. Pursuant to 47 CFR 64.604(b)(2), TRS providers must answer 85% of all relay calls within 10 seconds by a CA prepared to place the TRS call at the time. The calculation of whether a provider is in compliance with the "85-10 rule" must be performed on at least a daily basis.

Pursuant to 47 CFR 64.604(a)(2), STS CAs may retain information from a particular call in order to facilitate the completion of consecutive calls, at the request of the user. Pursuant to section 64.604(b)(6), relay providers shall electronically capture recorded messages and retain them for the length of the call. See 47 CFR 64.604(b)(6). Section 64.604(c)(3) requires carriers, through publications in their directories, periodic billing inserts, placement of TRS instructions in telephone directories, through directory assistance services, and incorporation of TTY numbers in telephone directories, shall assure that callers in their service areas are aware of the availability and use of all forms of TRS. Pursuant to section 64.604(c)(5)(B) carriers must complete and submit a Telecommunications Reporting Worksheet. Section 64.604(c)(iii)(5)(C) requires TRS providers to provide the
