Cooperative State Research, Education, and Extension Service

Title: Cooperative State Research, Education, and Extension Application Kit for Research and Extension Programs.

OMB Control Number: 0524-0039.

Summary of Collection: The United States Department of Agriculture (USDA), Cooperative State Research, Education, and Extension Service (CSREES) sponsor ongoing research, education, and extension programs under which competitive, formula, and special awards of a high-priority nature are made. These programs are authorized pursuant to the authorities contained in the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (7 U.S.C. 3101), the Smith-Lever Act, and other legislative authorities. Before awards can be issued, certain information is required from applicants as part of an overall application. In addition to a project summary, proposal narrative, vitae of key personnel, and other pertinent technical aspects of the proposed project, supporting documentation of an administrative and budgetary nature also must be provided. This information is obtained via applications through the use of Federal-wide standard grant application forms and CSREES specific application forms. Because competitive applications are

submitted, many of which necessitate review by peer panelists, it is particularly important that applicants provide the information in a standardized fashion to ensure equitable treatment for all.

Need and Use of the Information: The fundamental purpose of the information requested is for USDA proposal evaluation, award, management, reporting, and recordkeeping, as part of the overall administration of the research, education, and extension programs administered by CSREES. In addition to Federal-wide standard grant application forms, CSREES will use the following program and agency specific components as part of its application package: Supplemental Information Form; Application Type Form; Application Modification Form; Form CSREES-2008, Assurance Statement(s); Form CSREES-2010, Fellowships/Scholarships Entry/Annual Update/Exit Form; and the Summary of USDA/1890 Cooperation Form.

Description of Respondents: Not-for-profit institutions; Business or other for-profit; Individuals or household; Federal Government; State, Local or Tribal Government.

Number of Respondents: 5,050.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 12,154.
