

dealers, research facilities, exhibitors, carriers and intermediate handlers. The Secretary has delegated responsibility for administering the AWA to the Administrator of the Animal and Plant Health Inspection Service (APHIS). Within APHIS, the responsibility for administration of the AWA has been delegated to Animal Care. Regulations established under the AWA are contained in 9 CFR chapter 1, subchapter A, parts 1, 2, 3, and 4. Part 1 contains definitions for terms used in parts 2, 3, and 4; part 2 contains general requirements for regulated parties; part 3 contains specific requirements for the care and handling of certain animals; and part 4 contains rules of practice for the enforcement of the AWA.

Section 26 of the AWA (7 U.S.C. 2156) concerns animal fighting ventures. Paragraph (a) of that section has provided that "[i]t shall be unlawful for any person to knowingly sponsor or exhibit an animal in any animal fighting venture to which any animal was moved in interstate or foreign commerce." However, the Farm and Security Rural Investment Act of 2002 (Pub. L. 107-171, signed into law on May 13, 2002), revised paragraph (a) to read:

(a) SPONSORING OR EXHIBITING AN ANIMAL IN AN ANIMAL FIGHTING VENTURE.—

(1) IN GENERAL.—Except as provided in paragraph (2), it shall be unlawful for any person to knowingly sponsor or exhibit an animal in an animal fighting venture, if any animal in the venture was moved in interstate or foreign commerce.

(2) SPECIAL RULE FOR CERTAIN STATES.—With respect to fighting ventures involving live birds in a State where it would not be in violation of the law, it shall be unlawful under this subsection for a person to sponsor or exhibit a bird in the fighting venture only if the person knew that any bird in the fighting venture was knowingly bought, sold, delivered, transported, or received in interstate or foreign commerce for the purpose of participation in the fighting venture.

To increase the public visibility of these new AWA provisions, which are to become effective on May 13, 2003, APHIS is publishing this notice pursuant to its authority under the AWA.

Done in Washington, DC, this 6th day of May, 2003.

Peter Fernandez,

Acting Administrator, Animal and Plant Health Inspection Service.

Description of Information Collection

Title: Noninsured Crop Disaster Assistance Program.

OMB Number: 0560-0175.

Expiration Date of Approval: September 30, 2003.

Type of Request: Extension with revision.

Abstract: The Noninsured Crop Assistance Program is authorized under 7 U.S.C. 7333 and implemented under regulations issued at 7 CFR part 1437. The NAP is administered under the general supervision of the Executive Vice-President of CCC (who also serves as Administrator, FSA), and is carried out by FSA State and County committees. The information collected allows CCC to provide assistance under

NAP for losses of commercial crops or other agricultural commodities (except livestock) for which catastrophic risk protection under 7 U.S.C. 1508 is not available, and that is produced for food or fiber. Additionally, NAP provides assistance for losses of floriculture, ornamental nursery, Christmas tree crops, turfgrass sod, seed crops, aquaculture (including ornamental fish), sea oats and sea grass, and industrial crops. The information collected is necessary to determine whether a producer and crop or commodity meet applicable conditions for assistance and to determine compliance with existing rules. Producers must annually: (1) Request NAP coverage by completing an application for coverage and paying a service fee by the CCC-established application closing date; (2) file a current crop-year report of acreage for the covered crop or commodity; and (3) certify production of each covered crop or commodity. When damage to a covered crop or commodity occurs, producers must file a notice of loss with the local FSA administrative county office within 15 calendar days of occurrence or 15 calendar days of the date damage to the crop or commodity becomes apparent. Producers must also file an application for payment and certification of income with the local FSA administrative county office.

Estimate of Burden: Public reporting burden for this information collection is estimated to average 0.6 hours per response.

Type of Respondents: Producers of commercial crops or other agricultural commodities (except livestock).

Estimated Annual Number of Respondents: 497,000.

Estimated Annual Number of Responses per Respondent: 3.

Estimated Total Annual Burden on Respondents: 3,521,258.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.
