

the Department of Commerce (the Department) published its final determination that high and ultra-high voltage ceramic station post insulators (HVSPs) from Japan are being, or are likely to be, sold in the United States at less than fair value (LTFV). *See Notice of Final Determination of Sales at Less Than Fair Value: High and Ultra-High Voltage Ceramic Station Post Insulators from Japan* (68 FR 62560). On December 19, 2003, in accordance with section 735(d) of the Act, the U.S. International Trade Commission (the ITC) notified the Department of its final determination that an industry in the United States is materially injured by reason of LTFV imports of subject merchandise from Japan.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the U.S. price of the merchandise for all relevant entries of HVSPs from Japan. These antidumping duties will be assessed on all unliquidated entries of HVSPs that are entered, or withdrawn from warehouse, for consumption on or after June 16, 2003, the date on which the Department published its notice of an affirmative preliminary determination in the **Federal Register**. *See Notice of Preliminary Determination of Sales at Less Than Fair Value: High and Ultra-High Voltage Ceramic Station Post Insulators from Japan* (68 FR 35627). CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins listed below. The weighted-average percentage dumping margins are as follows:

Manufacturer/Exporter	Weighted-Average Percent Margin
NGK Insulators Ltd.	105.80
All Others	105.80

This notice constitutes the antidumping duty order with respect to HVSPs from Japan. Interested parties may contact the Department's Central Records Unit, room B-099 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order is issued and published in accordance with section 736(a) of the Act and 19 C.F.R. § 351.211.

Dated: December 22, 2003.

Holly A. Kuga,

Acting Assistant Secretary for Import Administration.

Background

On May 21, 1999, the Department of Commerce (the Department) published in the **Federal Register** the antidumping duty order on stainless steel plate in coils from Belgium (64 FR 27756). On May 30, 2003, in accordance with Section 751(a) of the Tariff Act of 1930,

as amended (the Act) and section 19 CFR 351.213(b) of the Department's regulations, Allegheny Ludlum, North American Stainless, Butler-Armco Independent Union, Zanesville Armco Independent Union, and the United Steelworkers of America, AFL-CIO/CLC (collectively, petitioners) requested a review of the antidumping duty order on stainless steel plate in coils from Belgium for ALZ N.V. (ALZ) and its affiliate Arcelor International America Inc. for the period May 1, 2002 through April 30, 2003. On July 1, 2003, we published a notice of "Initiation of Antidumping Review." See 68 FR 39055.

On September 11, 2003, Uguine & ALZ Belgium (U&A Belgium) submitted its response to section A of the Department's questionnaire. Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department may extend the deadline for completion of the preliminary results of a review if it determines that it is not practicable to complete the preliminary results within the statutory time limit of 245 days from the last day of the anniversary month of the order for which the administrative review was requested. In this review, the Department must determine whether the respondent is the legal successor to another company by examining a number of factors. Because of the complexity and timing of this and other issues in this case, it is not practicable to complete this review within the time limit mandated by section 751(a)(3)(A) of the Act.

Consequently, in accordance with sections 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for the completion of the preliminary results to 365 days from the last day of the anniversary month of the order. As the 365th day falls on a Sunday, and the following Monday is a federal holiday, the preliminary results will now be due no later than June 1, 2004.

Dated: December 17, 2003.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.
