DEPARTMENT OF AGRICULTURE

Forest Service

Directive Publication Notice

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice.

SUMMARY: The Forest Service, U.S. Department of Agriculture, provides direction to employees through issuances in its Directive System, comprised of the Forest Service Manual and Forest Service Handbooks. The Agency must provide public notice of and opportunity to comment on any directives that formulate standards, criteria, or guidelines applicable to Forest Service programs. Once per quarter, the Agency provides advance notice of proposed and interim directives that will be made available for public comment during the next three months and notice of final directives issued in the last three months.

DATES: This notice identifies proposed and interim directives that will be published for public comment between January 1, 2022, and March 31, 2022; proposed and interim directives that were previously published for public comment but not yet finalized and issued; and final directives that have been issued since October 1, 2021.

ADDRESSES: Questions or comments may be provided by email to SM.FS.Directives@usda.gov or in writing to 201 14th Street SW, Washington, DC 20250, Attn: Directives and Regulations staff, Mailstop 1132.

FOR FURTHER INFORMATION CONTACT: Ann Goode at 202-740-6286 or ann.goode@usda.gov.

Individuals who use telecommunications devices for the deaf or hard of hearing (TDD) may call the Federal Relay Service (FRS) at 800-877-8339 24 hours a day, every day of the year, including holidays.

You may register to receive email alerts at <https://www.fs.usda.gov/about-agency/regulations-policies>.

SUPPLEMENTARY INFORMATION:

Proposed and Interim Directives

Consistent with 16 U.S.C. 1612(a) and 36 CFR part 216, Public Notice and Comment for Standards, Criteria and Guidance Applicable to Forest Service Programs, the Forest Service publishes for public comment Agency directives that formulate standards, criteria, and guidelines applicable to Forest Service programs. Agency procedures for providing public notice and opportunity to comment are specified in Forest Service Handbook (FSH) 1109.12, Chapter 30, Providing Public Notice and Opportunity to Comment on Directives.

The following proposed directive is planned for publication for public comment from January 1, 2022, to March 31, 2022:

Forest Service Manual (FSM) 2300, Chapter 55—Climbing Management

The primary method of public outreach for this proposed directive is publication on the Forest Service website at <https://www.fs.usda.gov/about-agency/regulations-policies>, publication in the **Federal Register**, use of the GovDelivery email service, and other Agency communications resources, which may include a press release, blog post, or social media.

Previously Published Directives That Have Not Been Finalized

The following proposed and interim directives have been published for public comment but have not yet been finalized:

1. FSM 2200, Rangeland Management, Chapters Zero Code; 2210, Rangeland Management Planning; 2220, Management of Rangelands (Reserved); 2230, Grazing Permit System; 2240, Rangeland Improvements; 2250, Rangeland Management Cooperation; and 2270, Information Management and Reports; FSH 2209.13, Grazing Permit Administration Handbook, Chapters 10, Term Grazing Permits; 20, Grazing Agreements; 30, Temporary Grazing and Livestock Use Permits; 40, Livestock Use Permits; 50, Tribal Treaty Authorizations and Special Use Permits; 60, Records; 70, Compensation for Permittee Interests in Rangeland Improvements; 80, Grazing Fees; and 90, Rangeland Management Decision Making; and Forest Service Handbook 2209.16, Allotment Management Handbook, Chapter 10, Allotment Management and Administration.

8. Region 10 Supplement to FSM 2720, Special Uses; Management of Strictly Point-To-Point Commercial Transportation Under Special Use Authorization to National Forest System Lands within the Visitor Center Subunit of Mendenhall Glacier Recreation Area.

Final Directives That Have Been Issued Since October 1, 2021

1. FSM 2400, Timber Management, Chapters Zero, 2430, Commercial Timber Sales; 2440, Designating, Cruising, Scaling, and Accountability; 2450, Timber Sale Contract Administration; and 2460, Uses of Timber Other Than Commercial Timber Sales; FSH 2409.15, Timber Sale Administration, Chapters Zero, 10, Fundamentals of Timber Sale Contracting; 30, Change in Status of Contracts; 50, Specified Transportation Facilities; and 70, Contract Claims and Disputes; FSH 2409.18a, Timber Sale Debarment and Suspension Procedures, Chapters Zero, 10, Non-procurement Debarment and Suspension; and 20, Debarment and Export Violations. Fifty-five FSM and FSH chapters were identified for revision in the Forest Products Modernization initiative, a strategic effort to align Agency culture, policies, and procedures with current and future forest restoration needs, that increase the pace and scale of restoration, improve forest conditions and the efficiency of forest products delivery. The chapters were divided into three batches to address the large quantity of documents. The first batch includes these 13 directives which have been revised to better align with current legislation, policies, and practices. Many of these directives had not been updated since the 1990s. These 13 directives, all subject to public comment, were designated as non-significant by the Office of Management and

Budget. The 30-day comment period for these directives began October 15, 2020, and closed November 15, 2020. A total of 269 comments were received and can be viewed at <https://cara.ecosystem-management.org/Public/ReadingRoom?project=ORMS-2688>. The final directives were issued October 29, 2021, and can be viewed at the following websites:

2. FSH 5509.11, Chapter 20, Section 21, Small Tracts Act Adjustments. The Forest Service revised this directive to implement the Small Tracts Act, as required by the 2018 Farm Bill. These revisions implement the intent of the 2018 Farm Bill and related regulatory changes that updated land values established in the original Small Tracts Act, which dates to 1983, increasing the value of lands the Agency can sell or exchange to keep up with increasing land values. Proceeds generated from eligible sales made under the Small Tracts Act may be deposited in a Sisk Act account, allowing the Agency to acquire lands that improve the health and productivity of National Forests while simultaneously disposing small, problematic parcels. The 30-day comment period for this directive began June 4, 2021, and closed July 6, 2021. Four comments were received, three from members of the public and one from a State government, which can be viewed at <https://cara.ecosystem-management.org/Public/ReadingRoom?project=ORMS-2755>. The final directive was issued November 19, 2021, and can be viewed at https://www.fs.fed.us/im/directives/fsh/5509.11/FSH%205509.11,%2020_Amend%202021-1.docx.

3. FSM 1820, Public Lands Corps and Resource Assistants Program. The Forest Service has updated the Public Lands Corps and Resource Assistants Program, which utilizes partnerships to employ America's

youth, young adults, emerging professionals, and others in paid work on public lands, research, and natural resources projects. Upon meeting certain requirements, participants achieve eligibility for pathways to federal employment. The proposal reflects changes in legislation and policy and incorporates new requirements, streamlined administration, programming, and reporting, and improves customer service. The 30-day comment period for this directive began June 4, 2021, and closed July 6, 2021. Six comments were received, which can be viewed at <https://cara.ecosystem-management.org/Public/ReadingRoom?project=ORMS-2661>. The final directive was issued December 7, 2021, and can be viewed at https://www.fs.fed.us/im/directives/fsm/1800/wo_1820_Amend%202021-1.docx.

Dated: January 25, 2022.

Final Record of Decision for the Custer Gallatin National Forest

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of approval for the Revised Land Management Plan for the Custer Gallatin National Forest.

SUMMARY: Mary Erickson, the Forest Supervisor for the Custer Gallatin National Forest, Northern Region, signed the record of decision (ROD) for the Revised Land Management Plan (Land Management Plan) for the Custer Gallatin National Forest. The ROD documents the rationale for approving the Land Management Plan and is consistent with the Reviewing Official's response to objections and instructions. **DATES:** The Revised Land Management Plan for the Custer Gallatin National Forest will become effective 30 days after the publication of this notice of approval in the **Federal Register** (36 CFR 219.17(a)(1)).

ADDRESSES: To view the final ROD, final environmental impact statement (FEIS), Land Management Plan, and other related documents, please visit the Custer Gallatin National Forest Plan Revision website at: <https://www.fs.usda.gov/detail/custergallatin/landmanagement/planning/?cid=FSEPRD897383>. A legal notice of approval is also being published in the Custer Gallatin National Forest's newspapers of record: *Bozeman Daily Chronicle*, *Billings Gazette*, and *Rapid City Journal*. A copy of this legal notice

will be posted on the website listed above.

Virginia Kelly, Project Leader, weekdays, 8:00 a.m. to 4:30 p.m. Mountain Standard Time, at 406-587-6701. Written requests for information may be sent to Custer Gallatin National Forest, Attn: Plan Revision, P.O. Box 130, Bozeman, MT 59771.

Individuals who use telecommunication devices for the deaf/hard-of-hearing (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339, 24 hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION: The Land Management Plan describes the Custer Gallatin National Forest's distinctive roles and contributions within the broader landscape and details forestwide and geographic area desired conditions, objectives, standards, and guidelines. It identifies suitable uses of National Forest System lands and provides estimates of the planned timber sale quantity. The Land Management Plan identifies priority watersheds for restoration and includes recommended wilderness areas and eligible wild and scenic rivers. This Land Management Plan provides for efficient and effective management of the Custer Gallatin National Forest with desired conditions for coordination, partnerships, and shared stewardship with State, local, and Tribal governments, other federal agencies, adjacent landowners, and stakeholders. The development of the Land Management Plan was shaped by the best available scientific information, current laws, and public input.

The Custer Gallatin National Forest initiated plan revision in winter 2016 with public meetings held at multiple locations across the planning area. The Forest invited Tribal governments, State, local and other federal agencies from around the region to participate in the process to revise the Land Management Plan. An interagency working group met regularly throughout the plan revision effort. After two years of public engagement the Forest released the Proposed Action in January 2018. Comments received on the Proposed Action were used in development of the draft Land Management Plan and draft environmental impact statement (EIS) which were released in March 2019. The Forest received over 21,000 public comments on the draft Land Management Plan. The Land Management Plan, FEIS, and draft ROD were released in July 2020, initiating a 60-day opportunity to object.
