Environmental Site Review

White Pine Hydro and Commission staff will hold an environmental site review of the Cataract Project on Tuesday, November 19, 2024, 8:30 a.m. to 11:30 a.m. Eastern Daylight Time (EDT). White Pine Hydro will provide a safety briefing at the beginning of the environmental site review and has indicated that persons attending the environmental site review will need to comply with the following requirements: (1) persons must be 18 years or older; (2) persons should wear sturdy shoes (open-toed shoes/sandals/flip flops/high heels, etc. will not be allowed on the environmental site review); (3) no photography will be allowed on-site; (4) small bags containing personal items for the site visit (*i.e.*, notebooks, maps, water, etc.) will be allowed; (5) no weapons are allowed on-site; (6) no alcohol/drugs are allowed on-site (or persons exhibiting the effects thereof); and (7) no animals (except for service animals) are allowed.

Scoping Meetings

Commission staff will hold two scoping meetings in the vicinity of the project. The daytime meeting will focus on resource agencies, Native American Tribes, and non-governmental organization (NGO) concerns, while the evening meeting will primarily focus on receiving input from the public. We

invite all interested agencies, Native American Tribes, NGOs, and individuals to attend one or both meetings to assist us in identifying the scope of environmental issues that should be analyzed in the NEPA document. The dates and times of the scoping meetings are listed below.

Daytime Scoping Meeting

Date: Tuesday, November 19, 2024.

Time: 2:00 p.m. to 4:00 p.m.

Location: Ferry Beach Retreat and Conference Center, Zeigler Room.

Address: 5 Boardwalk Drive, Saco, Maine 04072.

Phone: (207) 282-4489.

Evening Scoping Meeting

Date: Tuesday, November 19, 2024.

Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list, as well as White Pine Hydro's distribution list. Copies of SD1 will be available at the scoping meetings or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. The SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Meeting Procedures

Agencies, Native American Tribes, NGOs, and individuals with environmental expertise and concerns are encouraged to attend the meetings and to assist the staff in defining and clarifying the issues to be addressed in the NEPA document. At the start of each meeting, Commission staff will provide a brief overview of the meeting format and objectives. Individual oral comments will be taken on a one-on-one basis with a court reporter (with Commission staff present). This format is designed to receive the maximum number of oral comments in a convenient way during the timeframe allotted. If you wish to speak, Commission staff will hand out numbers in the order of your arrival. If all individuals who wish to provide comments have had an opportunity to do so, Commission staff may conclude the meeting a half hour earlier than the

scheduled time. Please see appendix A of the SD1 for additional information on the session format and conduct.¹

Scoping comments will be recorded by the court reporter and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system. If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit may be implemented for each commentor.

It is important to note that the Commission provides equal consideration to all comments received, whether filed in writing or provided orally at a scoping session. Although there will not be a formal presentation, Commission staff will be available throughout the scoping meeting(s) to answer your questions about the environmental review process. Representatives from White Pine Hydro will also be present to answer project-specific questions.
