

extended the time period for CITA's consideration by 14 U.S. business days. CITA also will announce the extension on the website.

(i) Process during Extension Period.

During the extended time period, CITA will request that interested entities provide additional evidence to support their claims and information previously submitted to CITA and may meet with interested entities. Such evidence may include inter alia product samples, lab tests, detailed descriptions of product facilities, and comparisons of product performance in the intended end-use of the subject product.

(ii) CITA also will consider evidence in support of claims that CAFTA-DR supplier(s) or manufacturer(s) can supply a substantially similar product to that specified in the request.

(iii) CITA will make a determination, not later than 44 U.S. business days after the official receipt of a request whether to approve, approve with restriction, or deny the request and will follow the notification process accordingly.

(5) Deemed Approval. In the unlikely event that CITA does not make a determination in response to a request, not later than 45 U.S. business days after the official receipt of the request or not later than 60 U.S. business days after the official receipt of the request that was determined to lack sufficient information pursuant to subsection (c)(4), the requested subject product shall be added to the Commercial Availability list, in accordance with the requirements of section 202(o)(4)(D) of the CAFTA-DR.

(6) Whenever the Chairman of CITA receives information concerning, or a request from an interested entity for the review of a final affirmative determination that resulted in a product being added to the Commercial Availability List in Annex 3.25, which shows changed circumstances sufficient to warrant a review of such determination, CITA may conduct a review of such a determination after notifying interested parties by e-mail of the review and posting notice on the website. During a review conducted by CITA under this subsection, the entity seeking revocation of a product from the Commercial Availability List in Annex 3.25 shall have the burden of persuasion with respect to whether there are changed circumstances sufficient to warrant such revocation. Absent a show of good cause, CITA may not review a determination less than 12 months after the date of publication of notice of that determination.

9. Six Month Procedures: Submitting a Request to Remove or Restrict.

(a) Request to Remove or Restrict. An interested entity may file a request with CITA requesting that a product be either removed or that a quantity restriction be introduced six months after a requested subject product has been added to Commercial Availability List in an unrestricted quantity pursuant to Section 203(o).

(b) Content of a Request to Remove or Restrict. The request to remove or restrict must provide the substantive information set forth in subsection 6(b) (Contents of a Response with an Offer).

(c) Procedures.

(1) In considering whether to accept a request to remove or restrict, CITA will follow procedures set forth in section 5 (*Consideration and Acceptance of a Request*).

(2) If CITA determines to accept the request to remove or restrict, CITA and any responding interested party shall follow procedures and contents set forth in subsections 6(a) and (c) (*Response Submission*) and section 7 (*Submitting Rebuttal Evidence*).

(3) As set forth in subsections 8(a) and (b) (*Determination Process*), CITA will determine whether the subject product of the request to remove or restrict is available in commercial quantities in a timely manner in the CAFTA-DR area not later than 30 U.S. business days after the official receipt of the request.

(i) If CITA determines that the product is available in commercial quantities in a timely manner in the CAFTA-DR area, e.g., that a CAFTA-DR supplier(s) or manufacturer(s) is capable to supply all of the subject product requested originally, then that product will be removed from the Commercial Availability List.

(ii) If CITA determines that the product is available in commercial quantities in a timely manner in the CAFTA-DR area, e.g., that a CAFTA-DR supplier(s) or manufacturer(s) is capable to supply part of the subject product requested originally, then a restricted quantity will be introduced for that product.

(iii) If the Commercial Availability List changes as a result of CITA's determination for the request to remove or restrict, CITA will notify interested parties by e-mail of its determination and will publish a notice of its determination for the request to remove or restrict in the **Federal Register**.

(A) For removal, the notice will state that textile and apparel articles containing the subject product are not to be treated as originating in a CAFTA-DR country if the subject product is obtained from non-CAFTA-DR sources, effective for goods entered into the United States on or after six months

(e.g., 180 calendar days) after the date of publication of the notice.

(B) For restriction, the notice will specify the restricted quantity for the subject product that is to be effective six months after the publication date of the notice.

Philip J. Martello,

Acting Chairman, Committee for the Implementation of Textile Agreements.
