

discharge from the wet weather facilities; and (3) all defendants are in violation of the Clean Water Act and their NPDES permits because they have unlawful sanitary sewer overflows (“SSOs”) during wet weather.

The proposed Consent Decree implements a regional asset management program that puts the defendants on a path to eliminate prohibited wet weather facility discharges by December 31, 2035, and to control SSOs within ten years of Decree entry. Among other things, the defendants will rehabilitate and clean sanitary sewer infrastructure, identify and eliminate sources of inflow and rapid infiltration to the sewer systems, and continue to require repair or replacement of private sewer laterals under local and regional ordinances.

In addition, each defendant will pay a civil penalty for its past violations, for a total of \$1,563,556 in civil penalties. EBMUD will pay \$201,600; the City of Alameda will pay \$111,150; the City of Albany will pay \$42,038; the City of Berkeley will pay \$267,000; the City of Emeryville will pay \$1,870; the City of Oakland will pay \$850,000; the City of Piedmont will pay \$41,038; and the Stege Sanitary District will pay \$48,860.

The proposed Consent Decree replaces a January 2009 interim settlement with EBMUD and a March 2011 interim settlement with the Satellite Communities.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America et al. v. East Bay Municipal Utility District et al.*, D.J. Ref. No. 90–5–1–1–09361. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

**DEPARTMENT OF JUSTICE**

**Notice of Lodging of Proposed Joint Stipulation under the Clean Water Act**

On July 25, 2014, the Department of Justice lodged a proposed settlement with the United States District Court for the District of Alaska in the lawsuit entitled *United States and Alaska v. BP (Exploration) Alaska, Inc.*, Civil Action No. 3:14–cv–00146.

The United States and State of Alaska filed this lawsuit under the Clean Water Act against BP (Exploration) Alaska, Inc. The complaint seeks civil penalties and injunctive relief for violations of the Clean Water Act, as amended by the Oil Pollution Act of 1990, 33 U.S.C. 2701 et seq., and Alaska Statutes 46.03.710 and 46.03.740. The settlement provides a covenant not to sue in return for defendant’s payment of \$450,000.

The publication of this notice opens a period for public comment on the settlement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and Alaska v. BP (Exploration) Alaska, Inc.*, D.J. Ref. No. 90–5–1–1–08808/1. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

**BILLING CODE 4410–15–P**

**NUCLEAR REGULATORY COMMISSION**

**[Docket Nos. 50–250 and 50–251; NRC–2014–0181]**

**Florida Power & Light Company; Turkey Point Nuclear Generating Unit Nos. 3 and 4**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Environmental assessment and final finding of no significant impact; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is considering issuance of amendments to Renewed Facility Operating License Nos. DPR–31 and DPR–41 issued to Florida Power & Light Company (FPL, the licensee) for operation of Turkey Point Nuclear Generating Unit Nos. 3 and 4 (Turkey Point) located in Homestead, Miami-Dade County, Florida. The proposed amendments would increase the ultimate heat sink (UHS) water temperature limit specified in the Turkey Point Technical Specifications (TSs) from 100 degrees Fahrenheit (°F) to 104 °F and add a surveillance requirement to monitor the UHS temperature more frequently if the UHS temperature approaches the new limit. The NRC did not identify any significant environmental impacts associated with the proposed license amendments based on its evaluation of the information provided in the licensee’s application and other available information. Accordingly, the NRC has prepared this Environmental Assessment (EA) and Final Finding of No Significant Impact (FONSI) for the proposed license amendments.

**ADDRESSES:** Please refer to Docket ID NRC–2014–0181 when contacting the NRC about the availability of information regarding this document. You may access publicly available
