SUPPLEMENTARY INFORMATION:

I. Background

Article 24.26 of the USMCA establishes an Environment Committee composed of senior government representatives to oversee implementation of chapter 24, the environment chapter, and provide a forum to discuss and review chapter implementation. The USMCA requires the Committee to meet within one year of the date of entry into force of the USMCA and every two years thereafter unless the Committee agrees otherwise. The Committee last met on September 23, 2022, and agreed to hold another meeting in 2023. All decisions and reports of the Committee will be made publicly available, unless the Committee decides otherwise. The Committee will provide for public input on matters relevant to the Committee's work, as appropriate, and hold a public session at each meeting.

II. Committee Meeting

On September 27, 2023, the Committee will meet in a government-to-government session to (1) review implementation of chapter 24 (Environment), and discuss how the Parties are meeting their chapter 24 obligations; and (2) receive a presentation from the Commission on Environmental Cooperation Secretariat on cooperation and public submissions for enforcement matters. This session will not be open to the public.

III. Public Session on USMCA Chapter 24 Implementation

Following the government-to-government session, the Committee invites all interested persons to attend a

virtual public session on USMCA Chapter 24 implementation. At the session, the Committee will welcome questions, input, and information concerning the Parties' implementation of the chapter 24 obligations. Accordingly, participation in the public session is not limited to the questions submitted through comments in advance of the session.
