

NHPA and 36 CFR 800.2(d)(3). Further, the BLM seeks information about historic and cultural resources within the area potentially affected by the proposed land use amendments to assist in analyzing the potential impacts in the context of both NEPA and Section 106 of the NHPA. In addition, consistent with 36 CFR 800.8, the BLM anticipates coordinating its compliance with NHPA with fulfilling its obligations under NEPA to the extent possible. The BLM also may develop a Programmatic Agreement that addresses how the agency will fulfill its obligations under Section 106 of the NHPA with respect to the development of oil shale and tar sands. To the extent possible, the BLM intends to publish a draft of such Programmatic Agreement, if developed, concurrently with publication of any Draft EIS.

Consistent with the Federal government's government-to-government relationship with Indian Tribes, BLM consultation with these Tribes will be conducted in accordance with Executive Order 13575, and Tribal concerns, including impacts on Indian trust assets, will be given due consideration. The BLM invites Federal, State, and local agencies, along with Tribes and other stakeholders that may be interested or affected by the BLM's decision on this project, to participate in the scoping process. These entities, if eligible, may request or be requested by the BLM to participate as a cooperating agency in the NEPA process or consulting party in the NHPA process.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or by using one of the methods listed in the **ADDRESSES** section above. After BLM has gathered public input on issues the planning and NEPA process should address, we will categorize comments received as follows:

- (1) Issues to be resolved in the plan;
- (2) Issues to be resolved through policy, regulation, or administrative action; or
- (3) Issues beyond the scope of this plan amendment process.

The BLM will provide an explanation in the Programmatic EIS as to why we placed an issue in category two or three.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we
