

is in line-of-travel for pick-up and drop-off; there is no direct end-to-end transport offered by Connect Local Mail, and it is therefore not as responsive or customizable as a local courier service. In many ways, Connect Local Mail also offers same-day delivery on a more limited basis than a local courier service. It is better suited to businesses who regularly schedule local deliveries (such as mailing bills to their customers), allowing them to plan to meet the requirements for Connect Local Mail (e.g., drop-off at a designated entry unit by the Critical Entry Time, mail prepared in time for carrier pick-up in their line-of-travel). It is not as well suited to the type of ad hoc document delivery that courier services specialize in.
