

How has GRS 1.1 changed? How might these changes affect my agency?

We added one new item (001) to cover financial management and reporting administrative records.

How has GRS 2.5 changed?

We added two new items (050 and 051) for records created by phased retirement programs.

How has GRS 3.1 changed?

We added one new item (001) to cover technology management administrative records.

How has GRS 4.2 changed?

We added two new items. Item 001 covers administrative records on FOIA, Privacy Act, and classified documents. Item 180 covers virtual public access library records. Also, we slightly altered titles of items 060, 061, 120, and 121 from what appeared in Transmittal 26 to

match the titles under which they were approved in ERA. The new titles alter neither meaning nor coverage of the items.

What GRS items does GRS Transmittal 27 rescind?

Many old GRS items are superseded by new GRS items. A few old items, however, have outlived their usefulness and cannot be crosswalked to new items. The table below lists old items newly rescinded by GRS Transmittal 27.

GRS	Item	Title	Reason
10	11a	Recordkeeping copies of maintenance manuals for unique or customized aircraft.	Only a very few agencies create these records. They relate to agencies' missions and should therefore be scheduled on an agency-specific schedule.
12	3b	Copies of incoming and original copies of outgoing messages, including Standard Form (SF) 14, Telegraphic Message maintained by communications offices or centers, and EXCLUDING the copies maintained by originating program office.	Telegram service in the United States ceased January 27, 2006. The last telegram in the world was sent in India on July 14, 2013. The very short two-month retention of these records means that none should now exist. SF 14 has been discontinued.
14	3	Press Service files	These records appear to no longer exist.
18	29a	National Defense Executive Reserve (NDER) case files on reservists.	According to FEMA, the National Defense Executive Reserve program has been dormant for the past 5 years and no agency has open programs. For this reason, FEMA suggested that we rescind these items.
18	29b	National Defense Executive Reserve case files on individuals whose applications were rejected or withdrawn.	
27	6	CIO subject and office records	CIOs are considered high-level officials under Capstone email guidance. It is therefore not appropriate to schedule these records as universally temporary.
27	7	CIO schedules of daily activities.	

Rescinded items are shown in context of their schedules in the old-to-new crosswalk.

How do I cite new GRS items?

When you send records to an FRC for storage, you should cite the records' legal authority—the "DAA" number—in the "Disposition Authority" column of the table. For informational purposes, please include schedule and item number. For example, "DAA-GRS-2013-0001-0004 (GRS 4.3, item 020)."

Do I have to take any action to implement these GRS changes?

NARA regulations (36 CFR 1226.12(a)) require agencies to disseminate GRS changes within six months of receipt.

Per 36 CFR 1227.12(a)(1), you must follow GRS dispositions that state they must be followed without exception.

Per 36 CFR 1227.12(a)(3), if you have an existing schedule that differs from a new GRS item that does *not* require being followed without exception, and you wish to continue using your agency-specific authority rather than the GRS authority, you must notify NARA within 120 days of the date of this transmittal.

If you do not have an already existing agency-specific authority but wish to apply a retention period that differs from that specified in the GRS, you must submit a records schedule to NARA for approval via the Electronic Records Archives.

How do I get copies of the new GRS?

You can download the complete current GRS, in PDF format, from NARA's Web site at <http://www.archives.gov/records-mgmt/grs.html>.

Whom do I contact for further information?

Writing and maintaining the GRS is the responsibility of the GRS Team. You may contact the team with general questions about the GRS at GRS_Team@nara.gov. This team is part of Records Management Services in the National Records Management Program of the Office of the Chief Records Officer at NARA.

Your agency's records officer may contact the NARA appraiser or records analyst with whom your agency normally works for support in carrying

out this transmittal. A list of the appraisal and scheduling work group and regional contacts is on the NARA Web site at <http://www.archives.gov/records-mgmt/appraisal/index.html>.
