Agency Information Collection Activities; Reporting and Recordkeeping for Snowcoaches and Snowmobiles, Yellowstone National Park

AGENCY: National Park Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the National Park Service (NPS) are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before April 18, 2022.

ADDRESSES: Please provide a copy of your comments to the NPS Information Collection Clearance Officer (ADIR–ICCO), 12201 Sunrise Valley Drive, (MS –242) Reston, VA 20191 (mail); or phadrea_ponds@nps.gov (email). Please include “1024–0232” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Becky Wyman, Concessions Management Specialist, P.O. Box 168 Mammoth Hot Springs Yellowstone National Park, WY 82190–0168; or by email at becky_wyman@nps.gov; or by telephone at 307–344–2278. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1–800–877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct, or sponsor, and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent

burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility.
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected.

- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The National Park Service (NPS) is authorized by regulations codified in 36 CFR 7.13(l), Special Regulations; Areas of the National Park System; Yellowstone National Park; Winter Use, to establish a management framework that allows the public to experience the unique winter resources and recreational opportunities at Yellowstone National Park (YELL). Access to most of the park in the winter is limited by distance and the harsh winter environment which presents challenges to safety and park operations. In response, the NPS provides opportunities for park visitors to experience Yellowstone in the winter via over-snow vehicles (snowmobiles

and snowcoaches, collectively OSVs). The final rule includes provisions that allow greater flexibility for commercial tour operators, provide mechanisms to make the park cleaner and quieter during the winter seasons, reward OSV innovations and technologies, and allow increases in visitation. All OSVs operating in the park are required to meet air and sound emission standards and be accompanied by a guide. As directed by the regulation, commercial OSV operators must complete the Form 10–650, “OSV Monthly Use Report” to:

- Transportation Events (§ 7.13(l)(11)(i)–(iii))
- Emission and Sound Standards (§ 7.13(l)(4)(vii) and (5)) and
- Enhanced Emission Standards. (§ 7.13(l)(11)(iv)).

Form 10–605, “OSV Monthly Use Report” collects information to: (1) Ensure that OSVs meet NPS emission standards to operate in the park; (2) evaluate commercial tour operators’ compliance with allocated transportation events and daily and seasonal OSV group size limits; (3) ensure that established daily transportation event limits for the park are not exceeded; (4) confirm that commercial tour operators do not run out of authorizations before the end of the season and create a gap when prospective visitors cannot be accommodated; and (5) guarantee compliance with applicable laws and regulations.

Abstract: The National Park Service Organic Act, 54 U.S.C. 100101(a) *et seq.*, requires that the NPS preserve national parks for the enjoyment, education, and inspiration of this and future generations. In order to monitor resources and wildlife in the Glacier Bay National Park and Preserve (GLBA) and to enhance the safety of future visitors, the park records all bear sightings and interactions by visitors.

Authorized by 36 CFR 1–7, 12 and 13, Glacier Bay National Park and Preserve (GLBA) collects bear sighting data submitted by park visitors. The information collected is used to determine bear movements, habitat use, and species distribution to minimize conflict between bears and visitors within the park.
