

collection using forms that can be deployed to a mobile device, like a smartphone or tablet, and used in an internet-connected or disconnected environment. CAHPS participants will use the application to collect general participant and aquatic health team information; assess the risk of incursion and spread of aquatic pathogens of concern; carry out disease detection and surveillance and report laboratory test results; report any disease outbreaks and presence of pathogens of concern; and document outbreak response and recovery via surveillance and response plans. Participants can also log outbreak communication plans and biosecurity plans using the application and use a CAHPS Workbook as a template for CAHPS work.

The MI-CO app will retain information from inspection to inspection. VS will update participants' information annually. VS will not physically collect or remove from the premises any of the documentation unless the participant gives express permission to attach documents to their CAHPS portfolio in the app. VS personnel will annually review and enter information for every CAHPS participant to support compliance with CAHPS.

We are asking Office of Management and Budget (OMB) to approve our use of these information collection activities for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.96 hours per response.

Respondents: U.S. aquaculture producers and industry representatives.

Estimated annual number of respondents: 30.

Estimated annual number of responses per respondent: 13.

Estimated annual number of responses: 395.

Estimated total annual burden on respondents: 378 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 17th day of October 2023.

Michael Watson,

Acting Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2023-0072]

Notice of Request for Revision to and Extension of Approval of an Information Collection; Importation of Animals and Poultry, Animal and Poultry Products, Certain Animal Embryos, Semen, and Zoological Animals

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with the importation of animals and poultry, animal and poultry products, certain animal embryos, semen, and zoological animals.

DATES: We will consider all comments that we receive on or before December 26, 2023.

ADDRESSES: You may submit comments by either of the following methods:

- **Federal eRulemaking Portal:** Go to www.regulations.gov. Enter APHIS-2023-0072 in the Search field. Select the Documents tab, then select the Comment button in the list of documents.
- **Postal Mail/Commercial Delivery:** Send your comment to Docket No. APHIS-2023-0072, Regulatory Analysis and Development, PPD, APHIS, Station

3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at regulations.gov or in our reading room, which is located in Room 1620 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on animals and poultry, animal and poultry products, certain animal embryos, and zoological animals, contact Dr. Alexandra MacKenzie, Senior Veterinary Medical Officer, VS, APHIS, 4700 River Road, Unit 39, Riverdale, MD 20737; (301) 851-3411; alexandra.mackenzie@usda.gov. For more information about the information collection process, contact Mr. Joseph Moxey, APHIS' Paperwork Reduction Act Coordinator, at (301) 851-2483.

SUPPLEMENTARY INFORMATION:

Title: Importation of Animals and Poultry, Animal and Poultry Products, Certain Animal Embryos, Semen, and Zoological Animals.

OMB Control Number: 0579-0040.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) is authorized, among other things, to prohibit or restrict the importation of animals, animal products, and other articles into the United States to prevent the introduction of animal diseases and pests. Disease prevention is the most effective method for maintaining a healthy animal population and for enhancing APHIS' ability to compete in the world market of animal and animal product trade.

Among other things, APHIS' Veterinary Services is responsible for preventing the introduction of foreign or certain other communicable animal diseases into the United States and for rapidly identifying, containing, eradicating, or otherwise mitigating such diseases when feasible. In connection with this mission, APHIS collects information from individuals, businesses, and farms that are involved with importation of animals or poultry, animal or poultry products, or animal germplasm (semen, oocytes, embryos, and cloning tissues, as well as eggs for

hatching) into the United States, as well as from foreign countries and States to support these imports. Some of the information collection activities include agreements, permits, application and space reservation requests, inspections, registers, declarations of importation, requests for hearings, daily logs, additional requirements, application for permits, import health certificates, letters, written notices, daily record of horse activities, written requests, opportunities to present views, reporting, applications for approval of facilities, certifications, arrival notices, on-hold shipment notifications, reports, test submission forms, quarantine documents, affidavits, animal identification, written plans, checklists, specimen submissions, emergency action notifications, refusal of entry and order to dispose of fish, premises information, recordkeeping, and application of seals.

In addition, APHIS evaluates the animal health statuses of foreign regions and evaluates the risk of disease introduction via commodities to allow for the importation of animals and animal-related commodities into the United States by receiving and evaluating information collection activities. These information collection activities include recognition of the animal health status of a region, applications for recognition of the animal health status of a region, applications for recognition of a region as historically free of a disease, requests for additional information about the region, appeals of classifications of animal health status, and written recommendations and proof of implementation from foreign animal health authorities seeking to engage in the regionalization process.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.76 hours per response.

Respondents: Foreign animal health authorities; U.S. importers; foreign exporters; veterinarians and animal health technicians in other countries; State animal health authorities; shippers, owners and operators of foreign processing plants and farms; USDA-approved zoos, laboratories, and feedlots; private quarantine facilities; and other entities involved (directly or indirectly) in the importation of animals and poultry, animal and poultry products, zoological animals, and animal germplasm.

Estimated annual number of respondents: 73,769.

Estimated annual number of responses per respondent: 11.

Estimated annual number of responses: 795,301.

Estimated total annual burden on respondents: 600,320 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 16th day of October 2023.

Michael Watson,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Forest Service

Land Between the Lakes Advisory Board

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of meeting.

SUMMARY: The Land Between the Lakes (LBL) Advisory Board (Board) will hold a public meeting according to the details shown below. The Board is authorized under the Charter for the Land Between the Lakes Advisory Board and managed in accordance with the Federal Advisory Committee Act (FACA). The

purpose of the Board is to advise the Secretary of Agriculture on means of promoting public participation for the land and resource management plan for the Recreation Area; environmental education; an annual work plan for recreation and environment education areas in the Recreation Area, including the heritage program, with the non-appropriated amounts in the Land Between the Lakes Management Fund; an annual forest management and harvest plan for the Recreation Area; and the Land Between the Lakes Management Fund.

DATES: An in-person and virtual meeting will be held on November 8, 2023, 9 a.m.–4 p.m., Central Standard Time (CST).

Written and Oral Comments: Anyone wishing to provide in-person or virtual oral comments must pre-register by 11:59 p.m., CST on November 3, 2023. Written public comments will be accepted through 11:59 p.m., CST on November 3, 2023. Comments submitted after this date will be provided to the Forest Service, but the Board may not have adequate time to consider those comments prior to the meeting.

All board meetings are subject to cancellation. For status of the meeting prior to attendance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

ADDRESSES: This meeting will be held in-person at the Land Between the Lakes National Recreation Area Administration Building located at 100 Van Morgan Drive, Golden Pond, Kentucky 42211. The public may also join virtually via Microsoft Teams. Board information is located at: <https://landbetweenthelakes.us/about/working-together/advisory-board/or-by-contacting-the-person-listed-under-FOR-FURTHER-INFORMATION-CONTACT>.

Written Comments: Written comments must be sent by email to SM.FS.LBL_AdBoard@usda.gov or via mail (*i.e.*, postmarked) to Land Between the Lakes National Recreation Area, Attention: Christine Bombard, 100 Van Morgan Drive, Golden Pond, Kentucky 42211. The Forest Service strongly prefers comments be submitted electronically.

Oral Comments: Persons or organizations wishing to make oral comments must pre-register by 11:59 p.m. CST November 3, 2023, and speakers can only register for one speaking slot. Oral comments must be sent by email to SM.FS.LBL_AdBoard@usda.gov or via mail (*i.e.*, postmarked) to Land Between the Lakes National Recreation Area, Attention: Christine Bombard, 100 Van Morgan Drive, Golden Pond, Kentucky 42211.
