Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard has already published the 60-day notice (70 FR 76319, December 23, 2005) required by 44 U.S.C. 3506(c)(2). That notice elicited no comment.

Information Collection Request

Title: Vessel Reporting Requirements.
OMB Control Number: 1625-0048.

Type of Request: Extension of a currently approved collection.

Affected Public: Owners, charterers, managing operators, or agents of a vessel of the United States.

Forms: No forms associated with this collection.

Abstract: The information obtained from these reports will be used by the Coast Guard to determine if the vessel reported on is in distress and if so, to take action to provide needed assistance. These reports (a) Increase the likelihood of timely assistance to vessels in distress, especially those that cannot communicate their distress to the vessel's owner or others in a position to help, and (b) to place a burden of responsibility upon the owner, charterer, managing operator or agent for the safety of the vessels. This is of the utmost importance since these persons are often the only ones with knowledge of the vessels' intended movements.

Burden Estimate: The estimated burden remains 137 hours a year.

Dated: March 2, 2006.

R.T. Hewitt,

Rear Admiral, U.S. Coast Guard, Assistant Commandant for Command, Control, Communications, Computers and Information Technology.
