Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Rescission of Administrative Review, In Part

In the *Preliminary Results*, Commerce stated that we intended to further examine the rescission of this administrative review with respect to three companies, Anji Huaxin Bamboo

& Wood Products Co., Ltd. (Anji Huaxin), Composite Technology International, Limited (CTIL), and Homebuild Industries Co., Ltd. (Homebuild). Anji Huaxin and CTIL submitted comments claiming that they had entries of subject merchandise during the POR in response to our stated intent to rescind the administrative review with respect to these two companies in the absence of evidence of suspended entries during the POR.⁶ Homebuild submitted a certification of no shipments during the POR and, after seeking confirmation with U.S. Customs and Border Protection (CBP), we placed CBP's response on the record.⁷ For the final results, we find that Anji Huaxin and Homebuild had reviewable entries of subject merchandise during the POR and, accordingly, are not rescinding this review with respect to these two companies. However, we find that CTIL had no reviewable entries of subject merchandise during the POR. As a result, we are rescinding this review, pursuant to 19 CFR 351.213(d)(3), with respect to this company.

For further information regarding this determination, *see* "Final Rescission of Administrative Review, In Part" section in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by interested parties in briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in Appendix I of this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain revisions to the countervailable subsidy rate calculations for Fujian Jinquan Trade Co., Ltd. (Jinquan) and Fujian Yinfeng

Imp & Exp Trading Co., Ltd. (Yinfeng).⁸ As a result of the changes to Jinquan and Yinfeng's program rates, the final rate for the 20 non-selected companies under review also changed.⁹ These changes are explained in the Issues and Decision Memorandum.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Act. For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.¹⁰ The Issues and Decision Memorandum contains a full description of the methodology underlying Commerce's conclusions, including any determination that relied upon the use of adverse facts available pursuant to sections 776(a) and (b) of the Act.

Companies Not Selected for Individual Review

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 705(c)(5) of the Act, which provides instructions for determining the all-others rate in an investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 705(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero or *de minimis* countervailable subsidy rates, and any rates determined entirely on the basis of facts available.

As stated above, there are 20 companies for which a review was requested and not rescinded, and which were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent. For these non-selected companies, because the rates calculated for mandatory

respondents Jinquan and Yinfeng were above *de minimis* and not based entirely on facts available, we applied a final subsidy rate based on a weighted average of the rates calculated for the two mandatory respondents using the publicly ranged sales data they submitted on the record. This methodology is consistent with our practice for establishing an all-others subsidy rate pursuant to section 705(c)(5)(A) of the Act. For a list of the non-selected companies, *see* Appendix II to this notice.

Final Results of Review

We find the countervailable subsidy rates for the mandatory and non-selected respondents under review for the period of January 1, 2022, through December 31, 2022, to be as follows:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Fujian Jinquan Trade Co., Ltd. ¹¹	21.21
Fujian Yinfeng Imp & Exp Trading Co., Ltd. ¹²	3.11
Non-Selected Companies Under Review ¹³	14.38

Disclosure

We intend to disclose the calculations performed in connection with the final results of review to parties in this proceeding within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and CBP shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review, for the above-listed companies at the applicable *ad valorem* assessment rates listed for the POR (*i.e.*, January 1, 2022, to December 31, 2022). For CTIL, for which this review is rescinded, Commerce will instruct CBP to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2022, through December 31, 2022, in

accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP for these companies no earlier than 35 days after the publication of the preliminary results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for the POR for each of the respective companies listed above on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms subject to the *Order*, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, effective upon publication of the final results of review, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).
