FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Cierra Bean, Business Operations Analyst, CHIPS Program Office, askchips@chips.gov or (202) 815–2677.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Environmental Policy Act (NEPA) requires Federal agencies to

interpret and administer Federal policies, regulations, and laws in accordance with NEPA's policies and to consider environmental values in their decision making, including through preparation of environmental review documents such as environmental impact statements and environmental assessments. On June 3, 2023, President Biden signed the Fiscal Responsibility Act of 2023 (FRA) into law, which included amendments to NEPA. Specifically, the FRA added section 107, which addresses, in part, timely preparation of environmental review documents. Section 107(f) of NEPA requires agencies to “prescribe procedures to allow a project sponsor to prepare an environmental assessment or an environmental impact statement under the supervision of the agency.” 42 U.S.C. 4336a(f).

Additionally, the NEPA implementing regulations state, “Contractors or applicants preparing environmental assessments or environmental impact statements shall submit a disclosure statement to the lead agency that specifies any financial or other interest in the outcome of the action. Such statement need not include privileged or confidential trade secrets or other confidential business information.” 40 CFR 1506.5. As part of its procedures, NIST has therefore developed a NEPA disclosure statement for project sponsors to use in conjunction with preparation of environmental review documents under the agency's supervision. This statement may be used by in a variety of contexts at NIST. NIST may request recipients of funds for extramural construction to prepare environmental review documents and to submit the NEPA disclosure statement.

This statement may also be used by the CHIPS Incentives Program. The CHIPS Incentives Program is authorized by Title XCIX—Creating Helpful Incentives to Produce Semiconductors for America of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116–283, referred to as the CHIPS Act or Act), as amended by the CHIPS Act of 2022 (Division A of Pub. L. 117–167). The CHIPS Incentives Program is administered by the CHIPS Program Office (CPO) within the National Institute of Standards and Technology (NIST) of the United States Department of Commerce (Department). CPO may request recipients of CHIPS incentives prepare environmental review documents and submit the NEPA disclosure statement.
