SUPPLEMENTARY INFORMATION: On October 25, 2006, the Alcohol and Tobacco Tax and Trade Bureau (TTB) published Notice No. 65, Tax Classification of Cigars and Cigarettes, in the **Federal Register** (71 FR 62506). In that notice of proposed rulemaking, TTB requested public comment on proposed amendments to our regulations regarding the classification of cigars and cigarettes for Federal excise tax purposes. As originally published, the comment period for Notice No. 65, was scheduled to close on December 26, 2006.

After publication of Notice No. 65, TTB received a request from the Cigar Association of America, Inc. (CAA) to extend the comment period for Notice No. 65 for 90 days beyond the December 26, 2006, closing date. In its letter to TTB, CAA lists three reasons for the extension request. First, CAA notes that Notice No. 65 raises numerous complex and important issues relating to the tax classification of cigars and cigarettes and the proposed method for measuring total reducing sugars. Second, CAA states that it requires additional time to coordinate with its domestic and foreign members to consider the impact of the

proposed regulatory changes on the industry and to evaluate the analytical method TTB used to measure total reducing sugars. Third, CAA notes that the December 26, 2006, deadline for comments falls over two major holidays, which will hinder its ability to collect data and comments from its members.

In response to this request, TTB extends the comment period for Notice No. 65 for an additional 90 days. Therefore, comments on Notice No. 65 are now due on or before March 26, 2007.
