SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process

Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Secretary of Education requests comments on the Free Application for Federal Student Aid (FAFSA) that the Secretary proposes to use for the 2003-2004 year. The FAFSA is completed by students and their families and the information submitted on the form is used to determine the students' eligibility and financial need for financial aid under the student financial assistance programs authorized under Title IV of the Higher Education Act of 1965, as amended, (Title IV, HEA Programs).

DATES: Interested persons are invited to submit comments on or before August 9, 2002.

SUPPLEMENTARY INFORMATION: Section 483 of the Higher Education Act of 1965, as amended (HEA), requires the Secretary, "in cooperation with agencies and organizations involved in providing student financial assistance," to "produce, distribute and process free of charge a common financial reporting form to be used to determine the need and eligibility of a student under" the Title IV, HEA Programs. This form is the FAFSA. In addition, Section 483 authorizes the Secretary to include non-financial data items that assist States in awarding State student financial assistance.

The Secretary requests comments on the draft 2003-2004 FAFSA that has been posted to the IFAP Web site (*see below*). In particular, in an effort to continually improve the application for students, parents, and schools, the Secretary seeks comments to further simplify the FAFSA form and reduce burden hours, including removing, replacing or combining data elements. For example, replace questions 11 and 12, or questions 96 and 97 with a new question asking for the student's email address.

The Secretary is considering additional skip logic to incorporate the simplified needs test and automatic zero expected family contribution to the FAFSA on the Web product, and requests comments regarding adding this functionality. The Secretary is publishing this request for comment under the provisions of the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.* Under that Act, ED must obtain the review and approval of the Office of Management and Budget (OMB) before it may use a form to collect information. However, under procedure for obtaining approval from OMB, ED must first obtain public comment of the proposed form, and to obtain that comment, ED must publish this notice in the **Federal Register**.

In addition to comments requested above, to accommodate the requirements of the Paperwork Reduction Act, the Secretary is interested in receiving comments with regard to the following matters: (1) Is this collection necessary to the proper functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.
