#### Temporary Security Zone; Freeport LNG Basin, Freeport, TX

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary security zone in the Freeport LNG Basin. This security zone is needed to protect vessels, waterfront facilities, the public, and other surrounding areas from destruction, loss, or injury caused by sabotage, subversive acts, accidents, or other actions of a similar nature. Entry into this zone would be prohibited,

except for vessels that have obtained the express permission from the Captain of the Port Houston-Galveston or his designated representative.

**DATES:** This rule is effective from 12 p.m. (noon) on January 15, 2009 until 12 a.m. (noon) on April 30, 2009.

**ADDRESSES:** Documents indicated in this preamble as being available in the docket, are part of docket [USCG–2009–0005] and are available online by going to <http://www.regulations.gov>, selecting the Advanced Docket Search option on the right side of the screen, inserting USCG–2009–0005 in the Docket ID box, pressing Enter, and then clicking on the item in the Docket ID column. **SUPPLEMENTARY INFORMATION:**

**Regulatory Information**

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM, and under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Publishing a NPRM and delaying its effective date would be contrary to public interest since immediate action is needed to reduce potential methods of attack on vessels, waterfront facilities, and adjacent population centers located within the zones.

**Background and Purpose**

Heightened awareness of potential terrorist acts requires enhanced security of our ports, harbors, and vessels. To enhance security, the Captain of the Port Houston-Galveston is establishing a temporary security zone.

This rule will create a new temporary security zone within the port of Freeport, TX. This zone would protect waterfront facilities, persons, and

vessels from subversive or terrorist acts. Vessels operating within the Captain of the Port Houston-Galveston Zone are potential targets of terrorist attacks, or potential launch platforms for terrorist attacks on other vessels, waterfront facilities, and adjacent population centers.

This zone is being established for an area concentrated with commercial facilities considered critical to national security. This rule is not designed to restrict access to vessels engaged or assisting in commerce with waterfront facilities within the security zones, vessels operated by port authorities, vessels operated by waterfront facilities within the security zones, and vessels operated by federal, state, county or municipal agencies. By limiting access to this area the Coast Guard would reduce potential methods of attack on vessels, waterfront facilities, and adjacent population centers located within the zones. All such vessels, which are listed in 33 CFR 165.814(c), desiring to enter this zone would be required to obtain express permission from the Captain of the Port Houston-Galveston or his designated representative prior to entry.

**Discussion of Rule**

The Captain of the Port Houston-Galveston is establishing a temporary security zone in the Freeport LNG Basin. The zone would encompass all waters shoreward of a line drawn between the eastern point at 28°56'25" N, 095°18'13" W, and the western point at 28°56'28" N, 095°18'31" W. This security zone would be part of a comprehensive port security regime designed to safeguard human life, vessels, and waterfront facilities against sabotage or terrorist attacks.

All vessels not exempted under this rule would be prohibited from entering the security zone unless authorized by the Captain of the Port Houston-Galveston or his designated representative. In Houston, vessels can contact the Captain of the Port Houston-Galveston through Vessel Traffic Service Houston/Galveston on VHF Channel 5A, by telephone at 713–671–5103, or by facsimile at 713–671–5159. In Freeport, vessels can contact the Captain of the Port Houston-Galveston through Marine Safety Unit Galveston, by telephone at 409–978–2700, or by facsimile at 409–978–2671. This rule is effective from 12 a.m. (noon) on January 15, 2009 until 12 a.m. (noon) on April 30, 2009.

**Regulatory Evaluation**

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory
