Title: Application for Certification/Exemption of Label/Bottle Approval Under the Federal Alcohol Administration Act.

OMB Number: 1512-0092.

Form Number: ATF F 5100.31.

Abstract: ATF administers the Federal Alcohol Administration Act and its implementing regulations. bottlers and importers must complete ATF F 5100.31.

The back of the form was completely changed. Following plain language guidelines, the instructions for completing the form and conditions of approval were reformatted. The conditions under which approved labels may be modified without submission of a new application for certificate of label approval were changed. The single-most significant revision of the form is the allowance to add, delete or change any nonmandatory label information without submission of a new application for certificate of label approval. There is an increase in burden hours due to an increase in respondents. The recordkeeping requirement for this information collection is 3 years.
