

for approval. To comply with this requirement, the CFTC is publishing notice of the proposed extension of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Swap Documentation (OMB Control No. 3038–0088). This is a request for an extension of a currently approved information collection.

Abstract: On September 11, 2012, the Commission adopted Commission Regulations 23.500 through 23.505 (“Regulations”) ¹ under Sections 4s(f), (g) and (i) ² of the Commodity Exchange Act (“CEA”).³ Commission Regulations 23.500 through 23.505 require, among other things, that swap dealers (“SDs”) ⁴ and major swap participants (“MSPs”) ⁵ develop and retain written swap trading relationship and end user exception documentation. The Regulations also establish requirements for SDs and MSPs regarding swap confirmation, portfolio reconciliation, and portfolio compression. Under the Regulations, SDs and MSPs are obligated to maintain records of the policies and procedures required by the rules.⁶

Confirmation, portfolio reconciliation, and portfolio compression are important post-trade processing mechanisms for reducing risk and improving operational efficiency. The information collection obligations imposed by the Regulations are necessary to ensure that each SD and MSP maintains the required records of their business activities; and conducts and maintains records of independent and periodic audits sufficient to identify any material weakness in its documentation policies and procedures. The information collection contained in the Regulations is also essential to

ensuring that SDs and MSPs document their swaps, reconcile their swap portfolios to resolve discrepancies and disputes, and wholly or partially terminate some or all of their outstanding swaps through regular portfolio compression exercises. This collection of information is mandatory.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burdens of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burdens of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses).

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <https://www.cftc.gov>. You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act (“FOIA”), a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.⁷

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submissions from <http://www.cftc.gov> that it may deem inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the information collection request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under FOIA.
