

(2) * * *

(i) Only persons who have been issued a valid HMS Angling or valid Charter/Headboat permit, or who have been issued a valid Atlantic Tunas General category permit and are participating in a tournament as provided in 635.4 (c) of this part, may possess a blue marlin, white marlin, or roundscale spearfish in, or take a blue marlin, white marlin, or roundscale spearfish from, its management unit. Blue marlin, white marlin, or roundscale spearfish may only be harvested by rod and reel.

* * * * *

■ 8. In § 635.27, paragraph (d) is revised to read as follows:

§ 635.27 Quotas.

* * * * *

(d) *Atlantic blue and white marlin.* (1) Effective January 1, 2007, and consistent with ICCAT recommendations and domestic management objectives, NMFS will establish the annual landings limit of Atlantic blue and white marlin to be taken, retained, or possessed by persons and vessels subject to U.S. jurisdiction. For the year 2007 and thereafter, unless adjusted under paragraph (d)(2) of this section or by ICCAT recommendation, this annual landings limit is 250 Atlantic blue and white marlin, combined. Effective January 1, 2011, annual landings of roundscale spearfish are also included to the blue and white marlin annual landings limit. Should the U.S. recreational Atlantic marlin landing limit be adjusted by an ICCAT recommendation, NMFS will file a notice identifying the new landing limit with the Office of the **Federal Register** for publication prior to the start of the next fishing year or as early as possible.

(2) Consistent with ICCAT recommendations and domestic management objectives, and based on landings statistics and other information as appropriate, if NMFS determines that aggregate landings of Atlantic blue marlin, white marlin, and roundscale spearfish exceeded the annual landings limit for a given fishing year, as established in paragraph (d)(1) of this section, NMFS will subtract any overharvest from the landings limit for the following fishing year. Additionally, if NMFS determines that aggregate landings of Atlantic blue marlin, white marlin, and roundscale spearfish were below the annual landings limit for a given fishing year, as established in paragraph (d)(1) of this section, NMFS may add any underharvest, or portion thereof, to the landings limit for the following fishing year. Such adjustments to the annual recreational

marlin landings limit, as specified in paragraph (d)(1) of this section, if necessary, will be filed with the Office of the **Federal Register** for publication prior to the start of the next fishing year or as early as possible.

(3) When the annual marlin landings limit specified in paragraph (d)(1) or, if adjusted, as specified in paragraph (d)(2) of this section is reached or projected to be reached, based upon a review of landings, the period of time remaining in the current fishing year, current and historical landings trends, and any other relevant factors, NMFS will file for publication with the Office of the **Federal Register** and action restricting fishing for Atlantic blue marlin, white marlin, and roundscale spearfish to catch-and-release fishing only. In no case shall such adjustment be effective less than 14 calendar days after the date of publication. From the effective date and time of such action until additional landings become available, no blue marlin, white marlin, or roundscale spearfish from the management unit may be taken, retained, or possessed.

* * * * *

■ 9. In § 635.29, paragraph (a) is revised to read as follows:

§ 635.29 Transfer at sea.

(a) Persons may not transfer an Atlantic tuna, blue marlin, white marlin, roundscale spearfish, or swordfish at sea in the Atlantic Ocean, regardless of where the fish was harvested. However, an owner or operator of a vessel for which a Purse Seine category Atlantic Tunas category permit has been issued under § 635.4 may transfer large medium and giant BFT at sea from the net of the catching vessel to another vessel for which a Purse Seine category Atlantic Tunas permit has been issued, provided the amount transferred does not cause the receiving vessel to exceed its currently authorized vessel allocation, including incidental catch limits.

* * * * *

■ 10. In § 635.30, paragraph (b) is revised to read as follows:

§ 635.30 Possession at sea and landing.

* * * * *

(b) *Billfish.* Any person that possesses a blue marlin, white marlin, or roundscale spearfish taken from its management unit or a sailfish taken shoreward of the outer boundary of the EEZ or lands a blue marlin, white marlin, or roundscale spearfish in an Atlantic coastal port must maintain such billfish with its head, fins, and bill intact through offloading. Persons may

eviscerate such billfish, but it must otherwise be maintained whole.

* * * * *

■ 11. In § 635.34, paragraph (a) is revised to read as follows:

§ 635.34 Adjustment of management measures.

(a) NMFS may adjust the catch limits for BFT, as specified in § 635.23; the quotas for BFT, shark and swordfish, as specified in § 635.27; the marlin landing limit, as specified in § 635.27(d); and the minimum sizes for Atlantic blue marlin, white marlin, and roundscale spearfish as specified in § 635.20.

* * * * *

■ 12. In § 635.71, paragraphs (c)(5) and (c)(8) are revised to read as follows:

§ 635.71 Prohibitions.

* * * * *

(c) * * *

(5) Retain onboard a vessel a longbill spearfish, or a blue marlin, white marlin, roundscale spearfish, or sailfish that is less than the minimum size specified in § 635.20(d).

* * * * *

(8) Take, retain, or possess an Atlantic blue marlin, white marlin, and roundscale spearfish when the fishery for these species has been restricted to catch and release fishing only, as specified in § 635.27(d).

* * * * *

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 679**

[Docket No. 010131362-0087-02]

RIN 0648-XZ13

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of a closure.

SUMMARY: NMFS is reopening directed fishing for pollock in Statistical Area 630 of the Gulf of Alaska (GOA). This action is necessary to fully use the C season allowance of the 2010 total allowable catch of pollock specified for Statistical Area 630 of the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 18, 2010, through 1200 hrs, A.l.t., September 19, 2010. Comments must be received at the following address no later than 4:30 p.m., A.l.t., October 4, 2010.

ADDRESSES: Send comments to Sue Salvesson, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, Attn: Ellen Sebastian. You may submit comments, identified by 0648–XZ13, by any one of the following methods:

- Electronic Submissions: Submit all electronic public comments via the Federal eRulemaking Portal website at <http://www.regulations.gov>.
- Mail: P. O. Box 21668, Juneau, AK 99802.
- Fax: (907) 586–7557.
- Hand delivery to the Federal Building: 709 West 9th Street, Room 420A, Juneau, AK.

All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (e.g., name, address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

NMFS will accept anonymous comments (enter N/A in the required fields, if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, WordPerfect, or Adobe portable document file (pdf) formats only.

FOR FURTHER INFORMATION CONTACT: Obren Davis, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of

Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed the directed fishery for pollock in Statistical Area 630 of the GOA under § 679.20(d)(1)(iii) on August 27, 2010 (75 FR 52891, August 30, 2010).

NMFS has determined that approximately 4,580 mt of pollock remain in the directed fishing allowance in Statistical Area 630 of the GOA. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C) and (a)(2)(iii)(D), and to fully utilize the C season allowance of the 2010 allowable catch of pollock in Statistical Area 630, NMFS is terminating the previous closure and is reopening directed fishing for pollock in Statistical Area 630 of the GOA. This will enhance the socioeconomic well-being of harvesters dependent upon pollock in this area. The Administrator, Alaska Region (Regional Administrator) considered the following factors in reaching this decision: (1) the current catch of pollock by the GOA trawl sector and, (2) the harvest capacity and stated intent on future harvesting patterns of vessels in participating in this fishery.

In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance will be reached after 24 hours. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 630 of the GOA, effective 1200 hrs, A.l.t., September 19, 2010.

Classification

This action responds to the best available information recently obtained

from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) and 679.25(c)(1)(ii) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of pollock in Statistical Area 630 of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 16, 2010.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the fishery for pollock in Statistical Area 630 of the GOA to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until October 4, 2010.

This action is required by § 679.20 and § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 17, 2010.

James P. Burgess,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
