Total Estimated Number of Annual Burden Hours: 5,413.

Abstract: This study will provide much needed evidence on strategies to support US students' development of foundational reading skills, essential to later learning.

A third of US students fail to develop foundational reading skills by 4th grade that are necessary to succeed academically. In addition, the achievement gap is growing as demonstrated by The Nation's Report Card. To address this, the Every Student Succeeds Act (ESSA) promotes the use of evidence-based literacy interventions. And, the Department of Education (ED) has made supporting educators with the knowledge, skills, professional development, or materials necessary to improve reading instruction a key priority. The Individuals with Disabilities Education Act (IDEA)

similarly encourages high quality instruction along with better identification of students needing extra support to prevent or mitigate student reading issues.

This study will provide much needed evidence by evaluating two professional development strategies for bolstering core reading instruction and supplemental supports, guided by data, within a MTSS-R framework. MTSS-R is a widely used framework for providing high-quality reading instruction for all students, identifying students needing supplemental or more intensive supports, and providing these additional supports for those who need it.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Notice of Inquiry on Preparation of Report to Congress on the Price-Anderson Act

AGENCY: Office of General Counsel, DOE.

ACTION: Extension of public comment period.

SUMMARY: On July 26, 2021, the Department of Energy (the "Department" or "DOE") published in the **Federal Register** a notice of inquiry ("NOI") and request for comment from the public concerning the need for continuation or modification of the provisions of the Price-Anderson Act ("PAA") as administered by DOE. The PAA establishes a system of financial protection that encourages the safe and secure operation of nuclear power and other nuclear activities and assures equitable compensation of victims in the event of a nuclear incident. Comments from the public will assist the Department in the preparation of its report on the PAA to be submitted to Congress, as required by the Atomic Energy Act of 1954 (AEA), as amended. The NOI provided an August 25, 2021, deadline for comments. This notice announces a 60-day extension of the comment period to October 25, 2021.

DATES: The comment period for the NOI published on July 26, 2021 (86 FR 40032) is extended. DOE will accept written comments regarding the NOI

submitted no later than October 25, 2021.

ADDRESSES: You may submit comments to: paareportnoi@hq.doe.gov. Although DOE has routinely accepted public comment submissions through a variety of mechanisms, including postal mail and hand delivery/courier, the Department has found it necessary to make temporary modifications to the comment submission process in light of the ongoing Covid-19 pandemic. DOE is currently suspending receipt of public comments via postal mail and hand delivery/courier. If a commenter finds that this change poses undue hardship, please contact the Office of the General Counsel staff at (202) 586-2177 to discuss the need for alternative arrangements. Once the Covid-19 pandemic health emergency is resolved, DOE anticipates resuming all of its regular options for public comment submission, including postal mail and hand delivery/courier.

FOR FURTHER INFORMATION CONTACT:

Stewart Forbes, Office of the Assistant General Counsel for Civilian Nuclear Programs, U.S. Department of Energy, Room 6A-167, 1000 Independence Ave SW, Washington, DC 20585; Email: stewart.forbes@hq.doe.gov; and Phone: (202) 586-2177.

SUPPLEMENTARY INFORMATION: The PAA was enacted in 1957 as an amendment to the AEA to encourage the development of nuclear power and nuclear activities by establishing a system of financial protection for persons who may be liable for and persons who may be injured by a nuclear incident.¹ Since enactment, the PAA has been amended several times, most recently in 2005 as part of the Energy Policy Act of 2005 (Title VI, Subtitle A).² The recent amendments extended the authority of DOE to grant the DOE Price-Anderson indemnification until December 31, 2025³ and amended section 170p. of the AEA⁴ to mandate, as it had done with a prior extension, that DOE submit a report to Congress by December 31, 2021 ("2021 Report") on whether
