During the 1920s, the human remains (7; 8; 9; 14; 24) were acquired by Vassar College's Natural History and Social Museums. After the museums dissolved in the 1960s, the human remains were acquired by the Anthropology and Biology Departments. - Vassar College may proceed with the agreed upon transfer of control of the culturally unidentifiable human remains to the Saginaw Chippewa

Indian Tribe of Michigan and the Stockbridge Munsee Community, Wisconsin.

Description

On an unknown date, human remains representing, at minimum, one individual were removed from an unknown geographic location.

Sometime prior to January 1929, the human remains were acquired by Dr. Richard Warren Corwin (1852–1929). Corwin was a world traveler who made numerous trips to various locales across Europe, Asia, Africa, and Oceania. Corwin's nephew, Dr. William Senger, inherited Corwin's collections and donated them to Colorado College in 1940 and 1943. In 1987, Colorado College closed the Palmer Hall Museum, and the collection was loaned to several museums, including the Fine Arts Center Taylor Museum. Subsequently, the human remains became part of the collection of the Fine Arts Center Taylor Museum and in 2016, the Fine Arts Center Taylor Museum merged with Colorado College. The human remains (Colorado College catalog number 11 and 249)—two teeth—belong to a child. Additional teeth belonging to this individual (Colorado College catalog number 1, 2, 3, 4, 5, 7, 8, 9, 235, 236, 240, 242, 243, and 252) are currently missing from the museum's collections, but upon being located, they will be transferred together with the human remains listed in this notice. No associated funerary objects are present.

On an unknown date, human remains representing, at minimum, one individual were removed from an unknown geographic location. On April 5, 2022, an envelope marked "July 2019 Tooth and Bone Fragments" was discovered. The human remains (FIC 2022.77)—a tooth—belong to an adult. The two associated funerary objects are the femur fragment of a small adult mammal (176; FIC 2022.75) and a mammalian skeletal fragment (FIC 2022.76).

Pursuant to 43 CFR 10.16, the Secretary of the Interior may make a recommendation for a transfer of control of the culturally unidentifiable human remains and associated funerary objects. In June of 2023, the Colorado Springs Fine Arts Center at Colorado College requested that the Review Committee consider a proposal to transfer control of the human remains and associated funerary objects in this notice to the Hopi Tribe of Arizona and the Southern Ute Indian Tribe of the Southern Ute Reservation, Colorado. The Review Committee, acting pursuant to its responsibility under 25 U.S.C. 3006(c)(5), considered the request at its June 2023 meeting, and it recommended to the Secretary that the proposed transfer of control proceed. A July 2023 letter on behalf of the Secretary of Interior from the Designated Federal Official transmitted the Secretary's independent review and concurrence with the Review Committee that:

- The Colorado Springs Fine Arts Center at Colorado College consulted with every appropriate Indian Tribe or Native Hawaiian organization,
- None of the consulted and notified Indian Tribes and Native Hawaiian organizations objected to the proposed transfer of control, and

- The Colorado Springs Fine Arts Center at Colorado College may proceed with the agreed upon transfer of control of the culturally unidentifiable human remains and associated funerary objects to the Hopi Tribe of Arizona and the Southern Ute Indian Tribe of the Southern Ute Reservation, Colorado.

Transfer of control is contingent on the publication of a Notice of Inventory Completion in the **Federal Register**. This notice fulfills that requirement.

- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human remains and associated funerary objects and any present-day Indian Tribe.

- Pursuant to 43 CFR 10.10(g)(2) and 10.16, the disposition of the human remains and associated funerary objects may be to the Hopi Tribe of Arizona and the Southern Ute Indian Tribe of the Southern Ute Reservation, Colorado.
