

Notices

Federal Register

Vol. 87, No. 183

Thursday, September 22, 2022

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Meeting; Board for International Food and Agricultural Development

AGENCY: Agency for International Development.

ACTION: Notice of meeting; request for public comment.

SUMMARY: Pursuant to the Federal Advisory Committee Act, notice is hereby given of a public meeting of the Board for International Food and Agricultural Development (BIFAD), *Fed to Thrive: Accelerating Action on Nourishing Foods for Infants and Young Children*. The public meeting is a side event of the 2022 Borlaug Dialogue at the World Food Prize under the theme “Feeding a Fragile World”. The meeting will convene expert presenters and seek public input on evidence-based solutions for increasing the affordability, availability, and convenience of nutrient-dense foods for infants and children under two years of age, providing adequate safety nets for families most vulnerable to early childhood malnutrition.

DATES: The meeting will be on October 19, 2022 from 7 a.m. to 8:45 a.m. Central Time.

ADDRESSES: The meeting will be held at the Iowa Event Center, 730 3rd Street, Des Moines, Iowa 50309. Members of the public are invited to join in person at the venue (room details will be shared after registration). The link to register to attend in person at the Iowa Event Center is: <https://bit.ly/3UfEjTi>.

The meeting will also be live streamed via ZOOM for virtual public participation. The link to register to participate virtually is: <https://bit.ly/BIFADWFP22>.

SUPPLEMENTARY INFORMATION: Today, nearly two in three children ages six months to two years are not consuming

nutritionally adequate diets critical to growth and development. Although 9.2 percent of the global population lives below the international poverty line of \$1.90 per day, the average least-cost, nutrient-adequate diet for one child in a low-income country is \$1–2 per day at 6 to 8 months, \$1 per day at 9 to 11 months, and above \$1 per day at one year and older. Simply put, families are struggling to afford safe and nutritious food for their young children, with devastating, irreversible consequences for child survival and cognitive and physical growth. Sub-country-level data indicate that early childhood malnutrition does not impact all families, socio-economic groups, communities, or regions equally, with measurable inequalities experienced by the poor in access and consumption of important sources of nutrition—including animal-source foods and nutrient-dense vegetables—during complementary-feeding stages.

Presentations and discussion will focus on the questions: (1) What does a nutritionally balanced food basket for infants and young children look like, and what would it cost? (2) What are evidence-based priority actions to reduce the costs of balanced food baskets, improve nutrient content and safety, incentivize use by improving convenience and enabling caregivers, and provide financial means for the most vulnerable to access them through safety nets? (3) How do we achieve coordinated, gender-transformative change across the food, health, and social protection systems in both development and humanitarian settings? Drawing from testimony by global experts and practitioners, BIFAD will advise the U.S. Agency for International Development (USAID) on recommended policy and program actions. The meeting will include a public comment period from 8:25 to 8:40 a.m. Central Time.

The BIFAD is a seven-member, presidentially appointed advisory board to USAID established in 1975 under Title XII of the Foreign Assistance Act, as amended, to ensure that USAID brings the assets of U.S. universities to bear on development challenges in agriculture and food security and supports their representation in USAID programming.

For questions about registration, please contact Carol Chan at carol.chan@tetratech.com.

For questions about BIFAD, or to submit written comments, evidence, or materials in advance or following the meeting, please contact Clara Cohen, Designated Federal Officer for BIFAD in the Bureau for Resilience and Food Security at USAID. Interested persons may email her at ccohen@usaid.gov (Subject: Comment for 186th BIFAD Public Meeting) or telephone her at (202) 712–0119.

Clara Cohen,

Designated Federal Officer, BIFAD.

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection for Field Crops Production. Revision to burden hours will be needed due to changes in the size of the target population, sampling design, the combining of several smaller surveys, and/or changes in questionnaire length.

DATES: Comments on this notice must be received by November 21, 2022 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535–0002, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *efax:* (855) 838–6382.

- *Mail:* Mail any paper, disk, or CD-ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence

Avenue SW, Washington, DC 20250–2024.

- *Hand Delivery/Courier:* Hand deliver to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250–2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720–2707. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS—OMB Clearance Officer, at (202) 720–2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Field Crops Production.

OMB Control Number: 0535–0002.

Expiration Date of Approval: May 31, 2024.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition. The Field Crops Production Program consists of probability field crops surveys and supplemental panel surveys. The panel surveys capture unique crop characteristics such as the concentration of crops in localized geographical areas. These surveys are extremely valuable for commodities where acreage and yield are published at the county level.

Overall, there is a decrease in burden for this renewal. Accounting for the proposed mailings for the surveys in this renewal will increase burden for samples selected for the above surveys, but the decrease in burden resulting from the reduced sample sizes for both County Agricultural Production Survey (CAPS) and Cash Rents survey to publish cash rents at a county level exceeded the burden increase for the proposed number of mailings. The decrease in both sample sizes is due to updated criteria required to summarize statistics at the county level that were discussed at the 2020 USDA Fall Data Users' Meeting question and answer session. The transcript of the session can be found at this link: https://www.nass.usda.gov/Education_and_Outreach/Meeting/2020/2020-Fall-Data-Users-Meeting-Question-and-Answer.pdf.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are

governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115–435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

Estimate of Burden: Public reporting burden for this information collection is based on a group of similar surveys with expected response times of 5–30 minutes and a frequency of 1–40 times per year. Estimated number of responses per respondent is 1.25.

Respondents: Farmers and Ranchers.

Estimated Total Number of Respondents: 444,500.

Estimated Total Annual Burden on Respondents: 142,500 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, September 7, 2022.

Kevin L. Barnes,

Associate Administrator.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B–44–2022]

Foreign-Trade Zone (FTZ) 161—Wichita, Kansas; Notification of Proposed Production Activity; Great Plains Manufacturing, Inc. (Agricultural and Construction Equipment), Abilene, Assaria, Ellsworth, Enterprise, Kipp, Lucas, Salina, and Tipton, Kansas

Great Plains Manufacturing, Inc. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facilities in Abilene, Assaria, Ellsworth, Enterprise, Kipp, Lucas, Salina, and Tipton, Kansas within FTZ 161. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on September 12, 2022.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: tool boxes; product catalogs; replacement glass and glass assemblies; kits (mirror replacement; tool box (with tools); radio mounting; gas and diesel engine repair; extension blade; transmission repair (for agricultural tractors and compact tracked loaders); alternator; signal light repair; horn; trailer; assemblies (key; hydraulic cylinder; gas, oil, and water pump; electrical connector; wheel and wheel and tire); gas and diesel replacement engines; gas, oil, air, and water filters and filter assemblies; attachments (liquid applicator; sprayer (for tractors); drilling; compact tracked loader; tractor and compact tracked loader (and attachment hardware); mower; hay and grain harvesting); self-propelled trucks; bulldozers; graders; tamping machines; compact tracked loaders; gas and diesel tractors; front end bucket loaders; repair parts for mowers, harvesters, and balers; hydraulic valves and valve kits; rear defoggers; engine diagnostic software; vehicle control units; wire harnesses; gas and diesel tractors for agricultural use; gear boxes and clutches for agricultural implements and compact tracked loaders; and, drive shaft repair parts and drive train repair parts for
