BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. 2025-1126]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: FAA Entry Point Filing Form—International Registry

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves submission of an FAA Entry Point Filing Form—International Registry with the Civil Aviation Registry. The information collected will be used to obtain a unique authorization code for transmitting information to the International Registry in Dublin, Ireland.

DATES: Written comments should be submitted by August 25, 2025.

ADDRESSES: Please send written comments:

By Electronic Docket:
www.regulations.gov (Enter docket number into search field).

By mail: Natalie Wilkowske, Acting Manager, Aircraft Registration Branch, P.O. Box 25504, Oklahoma City, OK 73125.

By fax: 405-954-8068.

FOR FURTHER INFORMATION CONTACT:

Shantel Young by email at: shantel.young@faa.gov; phone: 405-954-7077.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this

information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0697.

Title: FAA Entry Point Filing Form—International Registry.

Form Numbers: AC Form 8050-135.

Type of Review: Renewal of an information collection.

Background: The information collected is necessary to obtain an authorization code for transmission of information to the International Registry. The Convention on International Interest in Mobile Equipment, as modified by the Protocol to the Convention on International Interests in Mobile Equipment on Matters Specific to Aircraft Equipment (Cape Town Treaty), provides for the creation and sustainment of the International Registry. The International Registry is an electronic registry system that works in tandem with the current system operated by the Federal Aviation Administration, Civil Aviation Registry, Aircraft Registration Branch (Registry) for the United States.

Congress has designated the Registry as the exclusive United States Entry Point for transmissions to the International Registry. To transmit certain types of interests or prospective interests to the International Registry, interested parties must file a completed FAA Entry Point Filing Form—International Registry, AC Form 8050-135, with the Registry. Upon receipt of the completed form, the Registry issues a unique authorization code. The submission of the information in question is not an FAA requirement for aircraft registration or recording of conveyances. Its sole purpose is to create authorization for filing with the International Registry.

Respondents: 20,876 filings in FY2024.

Frequency: On occasion.

Estimated Average Burden per Response: 30 minutes.

Estimated Total Annual Burden: 10,438 hours.

Issued in Oklahoma City, OK, on May 30, 2025.

Shantel Young,

Management and Program Analyst, Civil Aviation Registry, Aircraft Registration Branch, AFB-710.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2025-1270]

Agency Advisory Circular: Informed Consent Requirements for Crew and Space Flight Participants

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: FAA invites public comments about our intention to publish advisory material for Title 14 Code of Federal Regulation (CFR) Part 450. This Draft Advisory Circular (AC) provides guidance on meeting informed consent requirements for crew and space flight participants in accordance with Title 14 of the Code of Federal Regulations (CFR) § 460.9, Informing crew of risk, and § 460.45, Operator informing space flight participant of risk. An operator must inform, in writing, each space flight participant and any individual serving as crew, that the United States Government has not certified the launch vehicle and/or any reentry vehicle as safe for carrying flight crew or space flight participants in accordance with §§ 460.9 and 460.45. An operator must inform each space flight participant, in writing, about the risks of the launch and reentry, including the safety record of the launch or reentry vehicle type. The operator must also provide the space flight participant with an opportunity to ask questions orally to acquire a better understanding of the hazards and risks of the mission. In return, each space flight participant must then provide consent, in writing, to participate in a launch and/or reentry of a commercial space vehicle in accordance with § 460.45.
