

and 2012, respectively, and 100, 91, and 112 NDA supplements in 2010, 2011, and 2012, respectively, for which submission of a patent declaration would be required. We estimate there will be 201 instances (based on an average of 100 NDAs filed and 101 NDA supplements filed per year) where an NDA holder would be affected by the patent declaration requirements. We estimate, based on a proportional increase from the number of declarations for approved NDAs, that there will be an annual total of 563 declarations (201 instances $\times$ 2.8 declarations per instance = 563 declarations) on Form FDA 3542a submitted with these applications. Based upon information provided by regulated entities and other information, we previously estimated that the information collection burden associated with § 314.50(h) (citing § 314.53) and FDA Forms 3542 and 3542a will be approximately 5 hours and 20 hours per response, respectively.

FDA welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Karen Abraham-Burrell at least 7 days in advance of the meeting.

FDA is committed to the orderly conduct of its advisory committee meetings. Please visit our Web site at <http://www.fda.gov/AdvisoryCommittees/AboutAdvisoryCommittees/ucm111462.htm> for procedures on public conduct during advisory committee meetings.
