

New Jersey DEP; North Dakota; Texas; West Virginia; Wisconsin; Wyoming; UARG; and Westar Energy.

APA section 705 provides, "When an agency finds that justice so requires, it may postpone the effective date of action taken by it, pending judicial review." 5 U.S.C. 705. Under CAA section 307(d)(7)(B), the EPA may stay the effectiveness of a rule while it is being reconsidered "for a period not to exceed three months."

The EPA received 22 petitions for an administrative stay under APA section 705 and CAA section 307(d)(7)(B).

The EPA received petitions from West Virginia and a group of 15 other states; Ameren; Basin; Business Associations; Denbury; Kansas DHE; Mississippi DEQ; Mississippi PSC; Montana; NAFO; National Mining Association; Nebraska; New Jersey DEP; North Dakota; NorthWestern Energy; Peabody Energy Corporation; Prairie State; Texas; UARG; and Westar Energy.

The EPA responded to several of these petitions by letters stating that we were not taking action on them in light of the stay imposed on the rule by the U.S. Supreme Court on February 7, 2016. Subsequently, the EPA sent letters to all the petitioners denying each of these petitions for the reasons explained in the memorandum referred to above, "Basis for Denial of Petitions to Reconsider and Petitions to Stay the CAA Section 111(d) Emission Guidelines for Greenhouse Gas Emissions and Compliance Times for Electric Utility Generating Units."

Dated: January 11, 2017.

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("CAA" or the "Act"), notice is hereby given of a proposed consent decree to address a lawsuit filed by the Center for Biological Diversity and the Center for Environmental Health (collectively "Plaintiffs") in the United States District

Court for the Northern District of California: *Center for Biological Diversity, et al. v. McCarthy*, No. 3:16-cv-03796-VC (N.D. Cal.). On July 7, 2016, Plaintiffs filed a complaint in this lawsuit alleging that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency ("EPA"), failed to perform nondiscretionary duties under the CAA to complete periodic reviews of the air quality criteria and the primary National Ambient Air Quality Standards ("NAAQS") for sulfur oxides ("SO_x") and the primary NAAQS for oxides of nitrogen ("NO_x"), to make such revisions to those air quality criteria and NAAQS as may be appropriate, and to promulgate such new NAAQS as may be appropriate. The proposed consent decree would establish deadlines for EPA to take certain, specified actions.

DATES: Written comments on the proposed consent decree must be received by February 16, 2017.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2016-0719, online at www.regulations.gov. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). If you would like to submit a comment using a different submission method, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

Under section 109(d) of the CAA, EPA is required to periodically review air quality criteria and NAAQS and to make such revisions as may be appropriate. The proposed consent decree addresses a lawsuit filed by Plaintiffs alleging that EPA failed to timely complete certain periodic reviews for NO_x and SO_x by the deadline set forth in the CAA. The proposed consent decree would establish deadlines for EPA to take certain, specified actions in the periodic reviews, and if appropriate, revisions of the air quality criteria addressing human health effects of SO_x, and the primary NAAQS for NO_x and SO_x. Under the terms of the proposed consent decree, EPA would: (1) Sign a notice setting forth its proposed decision concerning its review of the primary NAAQS for NO_x no later than July 14, 2017; (2) sign a notice setting forth its final decision concerning its review of the primary NAAQS for NO_x no later than April 6, 2018; (3) issue a final Integrated Science Assessment (a document containing air quality criteria) addressing human health effects of SO_x no later than December 14, 2017; (4) sign a notice setting forth its proposed decision concerning its review of the primary NAAQS for SO_x no later than May 25, 2018; and (5) sign a notice setting forth its final decision concerning its review of the primary NAAQS for SO_x no later than January 28, 2019. See the proposed consent decree for additional details.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the proposed consent decree?

The official public docket for this action (identified by Docket ID No.

EPA-HQ-OGC-2016-0719) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD ROM you submit. This

ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2016-0017; FRL9958-38-OAR]

California State Motor Vehicle Pollution Control Standards; Amendments to On-Highway Heavy-Duty Vehicle In-Use Compliance Program, Amendments to 2007 and Subsequent Model Year On-Highway Heavy-Duty Engines and Vehicles, and Amendments to Truck Requirements; Notice of Decision

AGENCY: Environmental Protection Agency.

ACTION: Notice of decision.

SUMMARY: The Environmental Protection Agency ("EPA") is granting the California Air Resources Board's ("CARB's") request for a waiver of Clean Air Act preemption for its On-Highway Heavy-Duty Vehicle In-Use Compliance

program ("In-Use Regulation"). EPA is also confirming that CARB's amendments to its 2007 and Subsequent Model Year On-Highway Heavy-Duty Engines and Vehicles regulation ("2007 Amendments") and CARB's amendments to its Truck Idling requirements ("Truck Idling Amendments") are within the scope of previous waivers issued by EPA. The In-Use Regulation establishes a manufacturer-run in-use compliance program using portable emission measurement systems ("PEMS"). The 2007 Amendments specify the NO_x emission standard for heavy- and medium-duty diesel engines to two significant figures and provide manufacturers the option to certify chassis-certified diesel vehicles within the phase-in compliance provisions of the 2007 and Subsequent Model Year On-Highway Heavy-Duty Engines and Vehicles regulation. The Truck Idling Amendments exempt armored cars and workover rigs (a mobile self-propelled rig used to perform remedial operations on producing oil or gas wells to restore or increase well production) from the new engine requirements of the preexisting California Truck Idling regulation. This decision is issued under the authority of the Clean Air Act ("CAA" or "the Act").

DATES: Petitions for review must be filed by March 20, 2017.

ADDRESSES: EPA has established a docket for this action under Docket ID EPA-HQ-OAR-2016-0017.
