

held September 9–13, 2002. One public meeting will be held during the week. The public meeting will be on Monday, September 9, 2002 from 3:30 to 5 p.m., at the Michigan Library and Historical Center, Lake Superior Room, 1st Floor, 717 West Allegan, Lansing, Michigan.

The Alaska Coastal Management Program evaluation site visit will be from September 9–16, 2002. One public meeting will be held during the week. The public meeting will be a coast-wide public meeting held Thursday, September 12, 2002 from 7 to 9:30 p.m., via teleconference on the Alaska Legislative Teleconference Network. OCRM Evaluation staff will be at the Anchorage Legislative Information Office, at 716 W 4th Avenue, Suite 200, Anchorage. Teleconference connections will be provided to Legislative Information Offices in: Ketchikan, Sitka, Juneau, Cordova, Valdez, Homer, Kenai, Kodiak, Dillingham, Bethel, Nome, Kotzebue, and Barrow. Written or oral comments will be accepted, and a person does not need to attend the teleconference to submit written comments.

Copies of Michigan's and Alaska's most recent performance reports, as well as OCRM's notification and supplemental request letters to the States, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the public meeting. Please direct written comments to Douglas Brown, Deputy Director, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 120th floor, Silver Spring, Maryland 20910. When each evaluation is completed, OCRM will place a notice in the **Federal Register** announcing the availability of the Final Evaluation Findings.

FOR FURTHER INFORMATION CONTACT: Douglas Brown, Deputy Director, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, Silver Spring, Maryland 20910, (301) 713–3155, Extension 215.

BILLING CODE 3510–08–M

CONSUMER PRODUCT SAFETY COMMISSION

Proposed Collection; Comment Request—Notification Requirements for Coal and Woodburning Appliances

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval, for a period of three years from the date of approval by the Office of Management and Budget, of information collection requirements in a coal and woodburning appliance rule.

The rule, codified at 16 CFR part 1406, requires manufacturers and importers of certain coal and woodburning appliances to provide safety information to consumers on labels and instructions and an explanation of how certain clearance distances in those labels and instructions were determined. The requirements to provide copies of labels and instructions to the Commission have been in effect since May 16, 1984. For this reason, the information burden imposed by this rule is limited to manufacturers and importers introducing new products or models, or making changes to labels, instructions, or information previously provided to the Commission. The purposes of the reporting requirements in part 1406 are to reduce risks of injuries from fires associated with the installation, operation, and maintenance of the appliances that are subject to the rule, and to assist the Commission in determining the extent to which manufacturers and importers comply with the requirements in part 1406. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than September 9, 2002.

ADDRESSES: Written comments should be captioned “Notification Requirements for Coal and Wood Burning Stoves” and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Written comments may also be sent to the Office of the Secretary by facsimile

at (301) 504–0127 or by e-mail at *cpsc-os@cpsc.gov*.

FOR FURTHER INFORMATION CONTACT: For information about the proposed collection of information call or write Linda L. Glatz, management and program analyst, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, DC 20207; (301) 504–0416, Ext. 2226.

SUPPLEMENTARY INFORMATION:

A. Estimated Burden

The Commission staff estimates that there may be up to about 5 firms required to annually submit labeling and other information. The staff further estimates that the average number of hours per respondent is three per year, for a total of about 15 hours of annual burden ($5 \times 3 = 15$).

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: July 2, 2002.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

Officer, Department of Defense.*

DEFENSE SECURITY COOPERATION AGENCY

WASHINGTON, DC 20301-2800

26 JUN 2002

In reply refer to:
I-02/007138

The Honorable J. Dennis Hastert
Speaker of the House of
Representatives
Washington, D.C. 20515-6501

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act (AECA), as amended, we are forwarding herewith Transmittal No. 02-29 and under separate cover the classified annex thereto. This Transmittal concerns the Department of the Navy's proposed Letter(s) of Offer and Acceptance (LOA) to Bahrain for defense articles and services estimated to cost \$40 million. Soon after this letter is delivered to your office, we plan to notify the news media of the unclassified portion of this Transmittal.

Sincerely,

A handwritten signature in cursive script, reading "Tome Walters", is positioned above the typed name.

TOME H. WALTERS, JR.
LIEUTENANT GENERAL, USAF
DIRECTOR

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Bahrain – AN/TPS-59(V)3 3-Dimensional Land Based Radar

The Government of Bahrain has requested a possible sale of one AN/TPS-59(V)3 3-dimensional land based radar, one Air Defense Communication Platform, spare and repair parts, publications, personnel training and training equipment, technical assistance, contractor technical and logistics personnel services and other related elements of program support. The estimated cost is \$40 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale of radar will provide more responsive and timely information for air defense operations. It would greatly simplify the projection of U.S. military forces during regional contingency operations by enhancing the deployment of 3-dimensional land based radar capabilities.

This proposed radar may be used for airborne early warning and defense in conjunction with the HAWK missile defense system that is already in place in Bahrain.

The proposed sale of this equipment and support will not affect the basic military balance in the region.

The prime contractor will be Lockheed Martin Corporation of Syracuse, New York. There are no offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require a U.S. contractor representative for one year representing varying technical skills and training in Bahrain.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
