SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Green and Resilient Retrofit Program (GRRP) Application Forms.

OMB Approval Number: 2502–0624.

OMB Expiration Date: 8/31/2023.

Type of Request: Revision of a currently approved collection.

Form Numbers: 5991, 5992, and 5993.

Description of the need for the information and proposed use: The Green and Resilient Retrofit Program (“GRRP”) is newly funding through Title III of the Inflation Reduction Act of 2022, H.R. 5376 (IRA), in section 30002 titled “Improving Energy Efficiency or Water Efficiency or Climate Resilience of Affordable Housing” (the “IRA”), authorizing HUD to make loans, grants to improve energy or water efficiency; enhance indoor air quality or sustainability; implement the use of zero-emission electricity generation, low-emission building materials or processes, energy storage, or building electrification strategies; or address climate resilience of eligible HUD-assisted multifamily properties. The program leverages significant technological advancements in utility efficiency and adds a focus on preparing for climate hazards—both reducing residents’ and properties’ exposure to hazards and protecting life, livability, and property when disaster strikes. With its dual focus, GRRP is the first program to consider, at the national scale, how best to approach both green and energy efficiency upgrades simultaneously with investment in climate resilience strategies in multifamily housing. HUD is taking a multi-faceted approach to deploy these funds multiple funding rounds and for properties at different development stages.

Funding under this program will be made through multiple cohorts under one or multiple Notices of Funding Opportunity (NOFOs) that will detail the application process for eligible applicants. This collection is necessary in order to receive applications requesting funding under this program.

Respondents: HUD-assisted multifamily owners.

Estimated Number of Respondents: 680.

Estimated Number of Responses: 680.

Frequency of Response: Once per application.

Average Hours per Response: 15 hours.

Total Estimated Burden: 10,200.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on May 22, 2023 at 88 FR 32782.

A. Overview of Information Collection

Title of Information Collection: PRO Housing Competition Application Collection.

OMB Approval Number: 2506-New.

Type of Request: New Collection.

Form Number: N/A.

Description of the need for the information and proposed use: HUD is issuing this NOFO under the authority of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328, enacted December 29, 2022) (Appropriations Act) for the identification and removal of barriers to affordable housing production and preservation. The most successful proposals in this competition will demonstrate not only how applicants identify and remove affordable housing barriers within their jurisdiction(s), but also demonstrate: (1) progress and a commitment to overcoming local barriers to facilitate the increase in affordable housing production and preservation; and (2) an acute demand for housing affordable to households with incomes below 100 percent of the area median income. HUD encourages applicants to also consider how their proposed activities

will address issues related to affordable housing production and preservation, such as advancing equity, locating affordable housing near transit and other services, and developing and preserving affordable housing in accordance with input from community members and other stakeholders.

Respondents: State and local governments, Metropolitan Planning Organizations and Multijurisdictional Entities.

Estimated Number of Respondents: 100.

Estimated Number of Responses: 100.

Frequency of Response: 1.

Average Hours per Response: 11.

Total Estimated Burdens: 1100.

The estimated burden for this NOFO application collection includes HUD's Standardized Grant Application forms which have been reviewed and approved by OMB under control number: 2501-0017. Additionally, as stated above, OMB has reviewed and approved the post award activity for CDBG activities under control numbers: 2506-0077, 0085, 0117, and 0165. The burden hours and requirements under the above-mentioned approved collections have not been altered in any way. Applicants are asked to provide narrative responses detailing their proposed activities using PRO Housing funding. Applicants are also required to affirmatively acknowledge the statutorily required certification, located in Appendix D of the NOFO. HUD is collecting certifications from all applicants, and there is a specific certification form depending on each applicant type: local governments, state governments, metropolitan planning organizations and multijurisdictional entities. Each applicant is only required to complete one certification form. The certification form collects information related to a variety of laws, including CDBG requirements and cross-cutting requirements. The applicant will be expected to review and sign the form.

If an applicant is proposing a partnership with one or more entities as part of their application submission, the applicant must provide documentation of that partnership in the form of partner letters from each partner and a partnership agreement. The burden hours include submission of documentation of partnership, if required. Optional partnership templates are included in the application package, which applicants may choose to use to satisfy these requirements.

The burden hours associated with the above-mentioned forms have been included in the burden hours list below.
