

electronic master files containing data gathered in civil rights surveys and recordkeeping copies of files relating to state higher education desegregation plans and policies.

2. Department of Housing and Urban Development, Office of Public and Indian Housing (N1-207-04-1, 24 items, 19 temporary items). Inputs, outputs, work files, and other records associated with an electronic system that contains statistical information concerning low income public housing and housing for Native Americans. Master files and system documentation are proposed for permanent retention.

3. Department of Justice, Federal Bureau of Prisons (N1-129-04-6, 10 items, 8 temporary items). Inputs and outputs of the Office of Research and Evaluation's Key Indicators/Strategic Support System, which is used to monitor and track institutional performance and support policy formulation and policy impact assessment. Proposed for permanent retention are the system master files and the system documentation.

4. Department of Justice, Federal Bureau of Prisons (N1-129-04-7, 4 items, 2 temporary items). Inputs and outputs of an electronic information system maintained by the Information, Policy, and Public Affairs Division which is used to track individual inmates throughout the agency's facilities. Proposed for permanent retention are the system master files and the system documentation.

5. Department of State, Bureau of Educational and Cultural Affairs (N1-59-05-6, 11 items, 6 temporary items). Exchange proposals, copies of treaties, and personnel files maintained by the J. William Fulbright Foreign Scholarship Board. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of meeting files, membership files, reports, general subject files, and country files.

6. Department of Transportation, Federal Aviation Administration (N1-237-04-3, 31 items, 25 temporary items). Records relating to the registration, recordation, and leasing of aircraft. Included are paper aircraft registration and recordation files that have been imaged, backup copies of signature authorization files, export certificate of airworthiness files, engine propeller and spare parts location recordation files, dealer's aircraft registration certificate files, truth-in-leasing files, foreign aircraft leases files, finding aids, and summary reports with statistical data. Also included are electronic copies of records created

using electronic mail and word processing.

Proposed for permanent retention are recordkeeping copies of aircraft registration and recordation files, signature authorization files, finding aids, summary reports with statistical data, and annual snapshot of the Aircraft Registration Master File.

7. Department of Transportation, Federal Motor Carrier Safety Administration (N1-557-05-12, 12 items, 9 temporary items). Records accumulated by the Office of Communications, including briefing materials, budget background records, chronological files, copies of press releases, report files, copies of speeches, and working papers. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of press releases, agency-wide publications, and speech files. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

8. Department of the Treasury, Bureau of Public Debt (N1-53-05-3, 4 items, 4 temporary items). Records relating to mail management and external audits, including electronic copies of records created using electronic mail and word processing.

9. National Aeronautics and Space Administration, Agency-wide (N1-255-04-3, 13 items, 12 temporary). Files relating to projects that pertain to space flight, aerospace technology research, and basic or applied scientific research that lack historical significance. Also included are routine records relating to historically significant projects as well as files relating to these projects that are not required for documenting the history of the project and/or agency programs, but have operational value to the agency throughout the program or project life cycle. Also included are electronic copies of records created using electronic mail and word processing. Proposed for permanent retention are recordkeeping copies of files relating to historically significant projects that must be retained to document the history of the project and/or agency programs. The schedule provides criteria for identifying historically significant projects (*e.g.*, produce major contributions to scientific knowledge, establish precedents, attract widespread media attention, etc.). For historically significant projects, the schedule describes the three categories of records (routine records, long-term temporary records, and permanent records) in broad terms. It also includes detailed

notes defining the types of records that typically fall into each category. Routine records include such materials as cost data, presentation materials, agendas, and budget information. Long-term records that will be retained throughout the project life cycle include such records as configuration management controls, interface control documents, periodic reports, Program Control Board minutes, waivers, work instructions and authorizations, and quality assurance audit reports. Permanent records include such files as operations plans, formulation documents, concept documents, technology assessments, approval records, design development information, manufacture, fabrication, and assembly records, flight verification and certification reports, implementation and operational records, and evaluation and termination documents. This schedule authorizes the agency to apply the proposed disposition instructions to records regardless of the recordkeeping medium.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-263]

Nuclear Management Company, LLC; Notice of Receipt and Availability of Application for Renewal of Monticello Nuclear Generating Plant Facility, Operating License No. DPR-22, for an Additional 20-Year Period

The U.S. Nuclear Regulatory Commission (NRC or Commission) has received an application, dated March 16, 2005, from Nuclear Management Company, LLC, filed pursuant to Section 104b (DPR-22) of the Atomic Energy Act of 1954, as amended, and 10 CFR part 54, to renew the operating license for the Monticello Nuclear Generating Plant. Renewal of the license would authorize the applicant to operate the facility for an additional 20-year period beyond the period specified in the current operating license. The current operating license for the Monticello Nuclear Generating Plant (DPR-22) expires on September 8, 2010. The Monticello Nuclear Generating Plant is a Boiling Water Reactor designed by General Electric. The unit is located near Monticello, MN. The acceptability of the tendered application for docketing, and other matters including an opportunity to request a hearing, will be the subject of subsequent **Federal Register** notices.

Copies of the application are available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, 20852 or electronically from the NRC's Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room under accession number ML050880237. The ADAMS Public Electronic Reading Room is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. In addition, the application is available at <http://www.nrc.gov/reactors/operating/licensing/renewal/applications.html>, on the NRC Web page, while the application is under review. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC's PDR Reference staff at 1-800-397-4209,

extension (301) 415-4737, or by e-mail to pdr@nrc.gov.

A copy of the license renewal application for the Monticello Nuclear Generating Plant is also available to local residents near the Monticello Nuclear Generating Plant at the Monticello Public Library, 200 West 6th Street, Monticello, MN 55362.

Dated at Rockville, Maryland, this 31st day of March, 2005.

For the Nuclear Regulatory Commission.

Pao-Tsin Kuo,

Program Director, License Renewal and Environmental Impacts Program, Division of Regulatory Improvement Programs, Office of Nuclear Reactor Regulation.
