The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are two ways to become involved in the Commission's review of this project: you can file comments on the project, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on June 9, 2022.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please submit your comments on or before June 9, 2022.

There are three methods you can use to submit your comments to the Commission. In all instances, please reference the Project docket number CP22-452-000 and/or CP22-453-000 in your submission.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

² Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Western Area Power Administration

Loveland Area Projects-Rate Order No. WAPA-202

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of proposed firm electric service and sale of surplus products formula rates.

SUMMARY: The Rocky Mountain Region (RMR) of the Western Area Power Administration (WAPA) proposes revised formula rates for the Loveland Area Projects (LAP) firm electric service and sale of surplus products. LAP consists of the Fryngpan-Arkansas Project (Fry-Ark) and the Pick-Sloan Missouri Basin Program (P-SMBP)—Western Division (WD), which were integrated for marketing and rate-making purposes in 1989. The existing formula rates for these services, under Rate Schedules L-F11 and L-M2, expire on December 31, 2022. RMR is proposing to update the formula rates for firm electric service under Rate Schedule L-F12 and sale of surplus products under Rate Schedule L-M3, effective January 1, 2023, through December 31, 2027.

DATES: A consultation and comment period will begin May 25, 2022 and end August 23, 2022. RMR will present a detailed explanation of the proposed LAP formula rates and other modifications at a public information forum that will be held on June 15, 2022, at 8:30 a.m. MDT to no later than 10:30 a.m. MDT. RMR will host a public comment forum on June 29, 2022, at 11:00 a.m. MDT to no later than noon MDT.

The public information forum and the public comment forum will be conducted via WebEx. Instructions for participating in the forums will be posted on RMR's website at least 14 days prior to the public information and

comment forums at: www.wapa.gov/regions/RM/rates/Pages/2023-Rate-Adjustment---Firm-Power.aspx.

RMR will accept comments any time during the consultation and comment period.

ADDRESSES: Written comments and requests to be informed of Federal Energy Regulatory Commission (FERC) actions concerning the proposed formula rates submitted by RMR to FERC for approval should be sent to: Barton V. Barnhart, Regional Manager, Rocky Mountain Region, Western Area Power Administration, 5555 East Crossroads Boulevard, Loveland, CO 80538-8986, or email lapfirmadj@wapa.gov. RMR will post information about the proposed formula rates and written comments received to its website at: www.wapa.gov/regions/RM/rates/Pages/2023-Rate-Adjustment---Firm-Power.aspx.

FOR FURTHER INFORMATION CONTACT:

Sheila D. Cook, Rates Manager, Rocky Mountain Region, Western Area Power Administration, 5555 East Crossroads Boulevard, Loveland, CO 80538-8986, telephone (970) 685-9562 or email scCook@wapa.gov or lapfirmadj@wapa.gov.

SUPPLEMENTARY INFORMATION: On May 24, 2018, FERC confirmed and approved Rate Schedule L-F11 and Rate Schedule L-M2, under Rate Order No. WAPA-179, on a final basis through December 31, 2022.¹ These schedules apply to firm electric service and the sale of surplus products.

RMR intends the proposed formula rates to go into effect January 1, 2023. The proposed formula rates would remain in effect until December 31, 2027, or until WAPA supersedes or changes the formula rates through another public rate process pursuant to 10 CFR part 903, whichever occurs first.

The proposed formula rates would provide sufficient revenue to recover annual operation, maintenance, and replacement (OM&R) expenses, interest expense, irrigation assistance, and capital repayment requirements while ensuring repayment of the project within the cost recovery criteria set forth in Department of Energy (DOE) Order RA 6120.2. For more information on the proposed rates, please see the customer brochure located on RMR's website at: www.wapa.gov/regions/RM/rates/Pages/2023-Rate-Adjustment---Firm-Power.aspx.

⁷ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.
