

(2) Model A340–211, –212, –213, –311, –312, –313, –541, and –642 airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 25, Equipment/furnishings.

(e) Unsafe Condition

This AD was prompted by a report that track attachments used on certain cabin attendant seats are non-compliant. The FAA is issuing this AD to prevent the cabin attendant seat from detaching from the airplane. The unsafe condition, if not addressed, could result in injury to the occupant or a blocked exit during an emergency evacuation.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Seat Track Attachment Replacement

Within 2 years after the effective date of this AD, replace the seat track attachments and hardware and re-identify the seat with a new part number in accordance with the applicable service information identified in paragraphs (g)(1) through (4) of this AD, except you are not required to discard parts. Instead, remove those parts from service.

(1) Goodrich Service Bulletin 2057–25–071, Revision A, dated November 27, 2017.

(2) Goodrich Service Bulletin 2071–25–046, Revision C, dated January 14, 2020.

(3) Goodrich Service Bulletin 2157–25–092, Revision C, dated May 18, 2022.

(4) Goodrich Service Bulletin 2201–25–013, Revision E, dated May 20, 2024.

(h) Credit for Previous Actions

This paragraph provides credit for the actions required by paragraph (g) of this AD, if those actions were performed before the effective date of this AD using Goodrich Service Bulletin 2071–25–046, Revision B, dated December 10, 2019, or Goodrich Service Bulletin 2157–25–092, Revision B, dated January 12, 2021.

(i) Alternative Methods of Compliance (AMOCs)

The Manager, AIR–520, Continued Operational Safety Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of the Continued Operational Safety Branch, send it to the attention of the person identified in paragraph (j)(1) of this AD. Information may be emailed to: AMOC@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(j) Related Information

(1) For more information about this AD, contact Thanh-Phuong Ta, Aviation Safety Engineer, FAA, 3960 Paramount Boulevard, Lakewood, CA 90712; phone: 303–342–1095; email: Thanh-Phuong.Ta@faa.gov.

(2) Material identified in this AD that is not incorporated by reference is available at the

address specified in paragraph (k)(3) of this AD.

(k) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of the material listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this material as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(i) Goodrich Service Bulletin 2057–25–071, Revision A, dated November 27, 2017.

(ii) Goodrich Service Bulletin 2071–25–046, Revision C, dated January 14, 2020.

(iii) Goodrich Service Bulletin 2157–25–092, Revision C, dated May 18, 2022.

(iv) Goodrich Service Bulletin 2201–25–013, Revision E, dated May 20, 2024.

(3) For Goodrich material identified in this AD, contact Goodrich Aircraft Interior Products, 1275 North Newport Road, Colorado Springs, CO 80916–2779; phone: 719–380–0391; email: INTTechPub@collins.com; website: collinsaerospace.com.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2025–1671; Airspace Docket No. 25–AEA–11]

RIN 2120–AA66

Amendment of Class E4 Airspace Over Elmira, NY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Class E4 airspace at Elmira/Corning Regional Airport, Elmira, NY, due to the currently designated airspace not properly containing instrument flight rule (IFR) operations, which require controlled airspace.

DATES: Comments must be received on or before August 25, 2025.

ADDRESSES: Send comments identified by FAA Docket No. FAA–2025–1671 and Airspace Docket No. 25–AEA–11 using any of the following methods:

* *Federal eRulemaking Portal:* Go to www.regulations.gov and follow the online instructions for sending your comments electronically.

* *Mail:* Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

* *Hand Delivery or Courier:* Take comments to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except for Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493–2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except for Federal holidays.

FAA Order JO 7400.11J Airspace Designations and Reporting Points and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Policy Directorate, Federal Aviation Administration, 600 Independence Avenue SW, Washington DC 20597; Telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: Marc Ellerbee, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; Telephone: (404) 305–5589.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the

scope of that authority, as it would amend Class E4 airspace in Elmira, NY.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edits, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during regular business hours at the office of the Eastern Service Center, Federal Aviation Administration, Room 210, 1701

Columbia Ave., College Park, GA, 30337.

Incorporation by Reference

Class E airspace designations are published in paragraph 6004 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These updates would be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

The Proposal

This action proposes an amendment to 14 CFR part 71 to modify the Class E4 airspace for Elmira/Corning Regional Airport, Elmira, NY. Controlled airspace is necessary for the safety and management of IFR operations in the area for existing instrument approach procedures.

This action proposes to amend the Class E4 airspace over Elmira, NY, by changing the dimensions of that airspace extending upward from the surface within 1.9 miles each side of the 050° bearing from the airport extending from the 4.2-mile radius of Elmira/Corning Regional Airport to 6.2-miles northeast of the airport, within 1.9 miles each side of the 090° bearing from the airport extending from the 4.2-mile radius to 6.3 miles east of the airport, within 1.9 miles each side of the 230° bearing from the airport extending from the 4.2-mile radius to 7.1 miles southwest of the airport, and within 1.8 miles each side of the 269° bearing from the airport extending from the 4.2-mile radius to 8 miles northwest of the airport. This reconfiguration will properly contain the currently published standard instrument approach procedures.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not

warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with the National Environmental Policy Act (NEPA), 42 U.S.C. 4321, *et seq.*, prior to any final regulatory action by the FAA.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11J, Airspace Designations and Reporting Points, dated July 31, 2024, and effective September 15, 2024, is amended as follows:

Paragraph 6004 Class E Airspace Designated as an Extension to a Class D Surface Area.

* * * * *

AEA NY E4 Elmira, NY [Amended]

Elmira/Corning Regional Airport, NY
(Lat. 42°09'35" N, long. 76°53'30" W)

That airspace extending upward from the surface within 1.9 miles each side of the 050° bearing from the airport extending from the 4.2-mile radius of Elmira/Corning Regional Airport to 6.2-miles northeast of the airport, within 1.9 miles each side of the 090° bearing from the airport extending from the 4.2-mile radius to 6.3 miles east of the airport, within 1.9 miles each side of the 230° bearing from the airport extending from the 4.2-mile radius to 7.1 miles southwest of the airport, and within 1.8 miles each side of the 269° bearing from the airport extending from the 4.2-mile radius to 8 miles northwest of the airport.

**Endangered and Threatened Wildlife;
90-Day Finding on a Petition To Revise
the Critical Habitat Designation for
Southern California Steelhead**

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Department of Commerce.

ACTION: 90-Day petition finding; request
for information.

SUMMARY: We, NMFS, announce a 90-day finding on a petition to revise the critical habitat designation for the Southern California steelhead (*Oncorhynchus mykiss*) distinct population segment (DPS) under the Endangered Species Act (ESA). The petition requests that we revise the designated critical habitat to remove an approximately 9-mile (15-kilometer) stream reach from the confluence of the Santa Clara River and Hopper Creek upstream to the face of Santa Felicia Dam on Piru Creek. We find that the petition presents substantial scientific information indicating that the petitioned action may be warranted. We are hereby initiating a review of the currently designated critical habitat to determine whether the requested revision is warranted. To ensure a comprehensive review, we are soliciting scientific and commercial information pertaining to this action.

DATES: Scientific and commercial data pertinent to the petitioned action must be received by September 9, 2025.

ADDRESSES: You may submit comments, information, or data on this document identified by docket number, NOAA–NMFS–2025–0050, using any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Visit <https://www.regulations.gov> and type NOAA–NMFS–2025–0050 in the Search box. Click on the “Comment” icon, complete the required fields, and enter or attach your comments.

- **Mail or Hand-Delivery:** NMFS, West Coast Region, Protected Resource Division, Re: NOAA–NMFS–2025–0050, 1201 NE Lloyd Blvd., Suite #1100, Portland, OR 97232.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing at <https://www.regulations.gov> without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

Electronic copies of the petition and related materials are available from the NMFS website at <https://www.fisheries.noaa.gov/endangered-species-conservation/candidate-species-under-endangered-species-act>.

FOR FURTHER INFORMATION CONTACT:

Robert Markle, NMFS West Coast Region, robert.markle@noaa.gov or 503–230–5419.

SUPPLEMENTARY INFORMATION:

Background

The Southern California steelhead was listed as an endangered species under the ESA in 1997 (62 FR 43937, August 18, 1997), and the listing was reaffirmed in 2006 (71 FR 834, January 5, 2006). The geographic range of this listed distinct population segment (DPS) of steelhead was extended in 2002 (67 FR 21586, May 1, 2002). The listed DPS is comprised of naturally spawned anadromous *O. mykiss* (steelhead) originating below natural and manmade impassable barriers from the Santa Maria River to the United States-Mexico border (50 CFR 224.101). Critical habitat for the Southern California DPS of steelhead was designated in 2005 (70 FR 52488, September 2, 2005).

On March 21, 2025, the Secretary of Commerce and the Under Secretary/NOAA Administrator received a petition from the United Water Conservation District (hereafter, the Petitioner) to remove an approximately 9-mile (15-kilometer) stream reach currently designated as critical habitat for Southern California steelhead. This reach includes all currently designated critical habitat in the Santa Clara River basin upstream of the confluence of Hopper Creek.

The ESA of 1973, as amended (16 U.S.C. 1531 *et seq.*) defines critical habitat as: (i) The specific areas within the geographical area currently occupied by the species, at the time it is listed . . . , on which are found those physical or biological features (I) essential to the conservation of the species and (II) which may require special management considerations or protection; and (ii) specific areas outside the geographical area occupied by the species at the time it is listed . . . , upon a determination by the Secretary that such areas are essential for the conservation of the species (16 U.S.C. 1532(5)(A)). Joint NMFS-Fish and Wildlife Service (FWS) regulations for designating critical habitat state that the agencies will identify physical and biological features essential to the conservation of the species at an appropriate level of specificity using the best available scientific data (50 CFR 424.12(b)(1)(ii)), and that prior to finalizing a designation of critical habitat we will take into consideration the probable economic, national security, and other relevant impacts of the designation upon proposed or ongoing activities (50 CFR 424.19). An
