A. Purpose

Under the Free Trade Agreements Act of 1979, unless specifically exempted by statute or regulation, agencies are required to evaluate offers over a certain dollar limitation to supply an eligible product without regard to the restrictions of the Buy American Act. FAR provision 52.225-4, Buy American Act—Free Trade Agreements—Israeli Trade Act Certificate, requires an offeror to certify that the offered products are domestic end products and Free Trade Agreement (FTA) end products. The provision also requires an offeror to identify foreign end products.

Contracting officers use the information to give domestic and FTA country end products a preference during the evaluation of offers. Items having components of unknown origin are considered to have been mined,

produced, or manufactured outside the United States.
