

clearly defining the basis(es) and allegation(s), reviewing the rights and responsibilities of the aggrieved and the agency during the EEO complaint process including the right to representation and anonymity, informing the aggrieved of the applicable time frames, and advising the aggrieved of the availability of Alternative Dispute Resolution (ADR) and EEO counseling, and the overall stages of the complaint process.

Title 29 of the United States Code of Federal Regulations (CFR) part 1614, directs agencies to maintain a continuing program to promote equal opportunity and to identify and eliminate discriminatory policies, practices, or procedures. The Census Bureau is thus required to process complaints of employment discrimination from agency employees, former employees, and applicants for employment with the agency who allege discrimination based on their membership in a protected class, such as, race, religion, color, sex, pregnant/pregnant workers (limitations related to pregnancy, childbirth or related medical conditions), national origin, age (40 or older), genetic information (including family medical history), disability (mental or physical) or retaliation/reprisal for engaging in prior protected activity. Federal agencies must offer pre-complaint “informal” counseling and/or Alternative Dispute Resolution (ADR) to these “aggrieved individuals” (the aggrieved), alleging discrimination by officials of the agency. If the complaint is not resolved during the informal process, the Census Bureau must issue the Notice of Right to File within 15 calendar days document to the aggrieved. This information is being collected for the purpose of processing informal complaints of employment discrimination against the agency on the bases of race, religion, color, sex, pregnant/pregnant workers (limitations related to pregnancy, childbirth or related medical conditions), national origin, age (40 or older), genetic information (including family medical history), disability (mental or physical) or retaliation/reprisal. Pursuant to 29 CFR 1614.105, the aggrieved must participate in pre-complaint counseling to try to informally resolve their complaint prior to filing a formal complaint of discrimination. The information captured on the form will be reviewed by the EEO Counselor assigned to process the informal complaint of alleged discrimination within the parameters established in 29 CFR part 1614. The Initial Informal Complaint Contact Sheet (Form BC-

3006(ef)) will be hosted by the Census Bureau as a Common Form.

## II. Method of Collection

Email.

## III. Data

*OMB Control Number:* 0607–XXXX.  
*Form Number(s):* BC–3006(ef).

*Type of Review:* Regular submission, New Information Collection Request.

*Affected Public:* Federal government employees, former employees, and applicants.

*Estimated Number of Respondents:* 1 to 15.

*Estimated Time per Response:* 3 minutes to 30 minutes.

*Estimated Total Annual Burden Hours:* 25.

*Estimated Total Annual Cost to Public:* \$0 (This is not the cost of respondents’ time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

*Respondent’s Obligation:* Voluntary (The aggrieved individual does not have to fill the form out; they can call the office or send an email to the EEO complaints mailbox). However, responses to the form are needed to collect and review the Complainant’s data to input the information in the Entellitrak (Complaint Tracking System) and for processing.

*Legal Authority:* Title 29 CFR part 1614.

## IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include, or summarize, each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your

comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; National Survey of Children’s Health

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on October 23, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* U.S. Census Bureau, Department of Commerce.

*Title:* National Survey of Children’s Health.

*OMB Control Number:* 0607–0990.

*Form Number(s):* NSCH–S1 (English Screener), NSCH–T1 (English Topical for 0- to 5-year-old children), NSCH–T2 (English Topical for 6- to 11-year-old children), NSCH–T3 (English Topical for 12- to 17-year-old children), NSCH–S–S1 (Spanish Screener), NSCH–S–T1 (Spanish Topical for 0- to 5-year-old children), NSCH–S–T2 (Spanish Topical for 6- to 11-year-old children), and NSCH–S–T3 (Spanish Topical for 12- to 17-year-old children).

*Type of Request:* Regular submission, Request for a Revision of a Currently Approved Collection.

*Number of Respondents:* 71,879 for the screener only and 54,824 for the

combined screener and topical, for a total of 126,703 respondents.

*Average Hours per Response:* 5 minutes per screener response and 35–36 minutes per topical response, which in total is approximately 40–41 minutes for households with eligible children.

*Burden Hours:* 42,863.

*Needs and Uses:* The National Survey of Children's Health (NSCH) enables the Maternal and Child Health Bureau (MCHB) of the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) along with supplemental sponsoring agencies, states, and other data users to produce national and state-based estimates on the health and well-being of children, their families, and their communities as well as estimates of the prevalence and impact of children with special health care needs.

Data will be collected using one of two modes. The first mode is a web instrument (Centurion) survey that contains the screener and topical instruments. The web instrument first will take the respondent through the screener questions. If the household screens into the study, the respondent will be taken directly into one of the three age-based topical sets of questions. The second mode is a mailout/mailback of a self-administered paper-and-pencil interviewing (PAPI) screener instrument followed by a separate mailout/mailback of a PAPI age-based topical instrument.

The National Survey of Children's Health (NSCH) is a large-scale (sample size is approximately 375,000 addresses) national survey with approximately 73,000 of those addresses included as part of twelve separate state-based or region-based oversamples. As in prior cycles of the NSCH, there remain two key, non-experimental design elements. The first non-experimental design element is the use of an unconditional incentive (\$5) in the initial screener and topical invitations. For the initial screener invitation, 90% of sampled addresses receive the cash incentive; the remaining 10% (the control) do not receive an incentive. This approach is used to consistently monitor the effectiveness of the cash incentive each cycle. The second non-experimental design element is a data collection procedure based on the block group-level paper-only response probability used to identify households (30% of the sample) that would be more likely to respond by paper and send them a paper questionnaire in the initial mailing and every nonresponse follow-up mailing.

The 2025 NSCH will also include a web targeted secondary unconditional screener incentive envelope test that

will be sent to a subset of the sample that started the web questionnaire but did not finish. Prior cycles of the survey have included a \$5 unconditional cash incentive with both the initial screener mailing as well as the initial paper topical mailing as outlined in the paragraph above. The incentive has proven to be a cost-effective intervention for increasing survey response and reducing nonresponse bias. The test will be used to evaluate envelope and delivery method effectiveness (*FedEx vs. Visible Incentive*). Preliminary results of other Demographic household surveys indicate the use of visual incentive envelopes (USPS) also helps to boost response and is less costly than FedEx.

*Affected Public:* Individuals or households.

*Frequency:* The 2025 collection is the tenth administration of the NSCH. It is an annual survey, with a new sample drawn for each administration.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Census Authority: Title 13, United States Code (U.S.C.), section 8(b) (13 U.S.C. 8(b)).

*HRSA MCHB Authority:* Section 501(a)(2) of the Social Security Act (42 U.S.C. 701).

United States Department of Health and Human Services' Centers for Disease Control and Prevention, National Center on Birth Defects and Developmental Disabilities; Division of Nutrition, Physical Activity, and Obesity; and Division of Environmental Health Science and Practice Authority: Public Health Service Act, Section 301, 42 U.S.C. 241 and 301(a), 307, and 399G of the PHS 42 U.S.C. 241A, 242I, 280e–11, as amended.

*United States Department of Agriculture Authority:* Richard B. Russell National School Lunch Act, 42 U.S.C. 1755 (a)(3).
