BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent to Prepare an Environmental Impact Statement for Introduction of the P-8A Multi-Mission Maritime Aircraft to the U.S. Navy Fleet and Notice of Public Scoping Meetings

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality regulations (40 CFR parts 1500-1508), the Department of the Navy (DON) announces its intent to prepare an Environmental Impact Statement (EIS) to evaluate the potential environmental consequences of homebasing the P-8A Multi-Mission Maritime Aircraft (MMA) to the East and West Coasts of the United States and a presence, i.e., homebase or detachment, in Hawaii.

The DON proposes to replace the maritime patrol P-3C aircraft with the P-8A MMA at existing continental United States maritime patrol

homebases for P-3C Orion aircraft while maintaining a maritime patrol presence in Hawaii. The purpose is to transition from P-3C patrol aircraft to the P-8A MMA at existing homebases to maximize utilization of existing infrastructure to the maximum extent practicable to facilitate a quick and efficient transition while maintaining combat readiness. Currently, P-3C patrol squadrons are based at Naval Air Station (NAS) Brunswick, ME (to be relocated in their entirety to NAS Jacksonville by 2010 as a result of the Base Realignment and Closure 2005 process); NAS Jacksonville, FL; NAS Whidbey Island, WA; Marine Corps Base Hawaii (MCBH) Kaneohe Bay, HI; with periodic detachments at NAS North Island, CA.

The proposed action is needed to transition from existing P-3C aircraft to the P-8A MMA while maintaining the Navy's overall maritime patrol capability in support of national defense objectives and policies without interruption or impediment to operations or combat readiness.

The P-8A is designed to increase combat capability utilizing a smaller force making it a more effective tool for national defense. The P-8A is a derivative of the 737 commercial aircraft and will be equipped with systems capable of performing the current P-3C missions. Introduction of the P-8A MMA aircraft will begin in 2011 and be completed by 2019.

The following have been identified as receiving sites: NAS Whidbey Island, WA, NAS Jacksonville, FL, and either MCBH Kaneohe Bay or Hickam Air Force Base, HI, with a training detachment site at NAS North Island, CA. The DON is currently evaluating a range of alternatives based on the number of squadrons homebased at each site, placement of the fleet replacement squadron, and the number of main operating bases.

DATES AND ADDRESSES: Public scoping meetings will be held to receive written comments on environmental concerns that should be addressed in the EIS. Public scoping meetings will be as follows:

1. Jacksonville, FL, Thursday, January 11, 2007, 5 p.m.-8 p.m., Holiday Inn, Orange Park, 150 Park Avenue, Orange Park, FL 32073.

2. Honolulu, HI, Thursday, January 18, 2007, 5 p.m.-8 p.m., Pacific Beach Hotel, 2490 Kalakaua Avenue, Honolulu, HI 96815.

3. Coronado, CA, Thursday, February 8, 2007, 5 p.m.-8 p.m., Coronado Public Library, 640 Orange Avenue, Coronado, CA 92118.

4. Whidbey Island, WA, Thursday, February 15, 2007, 5 p.m.-8 p.m., Oak Harbor School District Office, Board Room, 350 S. Oak Harbor Street, Oak Harbor, WA 98277.

FOR FURTHER INFORMATION CONTACT:

Commander, Naval Facilities Engineering Command Atlantic Division, 6506 Hampton Blvd, Norfolk, VA 23508-1278, Attn: MMA PM, fax 757-322-4894.

SUPPLEMENTARY INFORMATION: The purpose is to transition from P-3C patrol aircraft to the P-8A MMA at existing homebases to maximize utilization of existing infrastructure to the maximum extent practicable to facilitate a quick and efficient transition while maintaining combat readiness. The P-3C which has been in service since August 1969 is quickly approaching the end of its service life.

The EIS will address the environmental impacts of the proposed action associated with basing of the P-8A MMA and associated with construction and/or renovation of buildings and other support facilities. In addition, the EIS will assess impacts on each local community and economy associated with relocation of military and contract personnel to the area to support the operation and maintenance of the P-8A MMA squadrons.

The EIS will address any potential environmental impacts associated with: water resources, air quality, biological resources, threatened and endangered species, land use, socioeconomic resources, infrastructure, and cultural resources. Further, the DON will examine potential effects on existing airspace and aircraft noise exposure levels in and around the bases. The analyses will include direct and indirect impacts, and will account for cumulative impacts from other past, present and reasonably foreseeable future actions in the site specific location.

The DON is initiating the scoping process to identify community concerns and local issues that should be addressed in the EIS. Federal, state, and local agencies, and interested parties are encouraged to provide written comments to the DON to identify specific issues or topics of environmental concern that should be addressed in the EIS. The DON will consider these comments in determining the scope of the EIS.

Written comments on the scope of the EIS should be submitted and postmarked no later than March 2, 2007, and should be mailed to: Commander, Naval Facilities Engineering Command Atlantic, 6506 Hampton Blvd., Norfolk,

VA 23508-1278, Attn: MMA PM, fax 757-322-4859; or made on line at <http://www.mmaeis.com>.

Dated: December 21, 2006.

M. A. Harvison,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Idaho National Laboratory

AGENCY: Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Idaho National Laboratory. The Federal Advisory Committee Act (Pub. L. No. 92-463, 86 Stat. 770) requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Tuesday, January 16, 2007, 8 a.m.—5 p.m.; Wednesday, January 17, 2007, 8 a.m.—12 p.m.

Opportunities for public participation will be held Tuesday, January 16, from 1 to 1:15 p.m. and 3:45 to 4 p.m.; and Wednesday, January 17, from 9:15 to 9:30 a.m. Additional time may be made available for public comment during the presentations.

These times are subject to change as the meeting progresses, depending on the extent of comment offered.

ADDRESSES: Red Lion Hotel, 475 River Parkway, Idaho Falls, ID 83402.

FOR FURTHER INFORMATION CONTACT:

Shannon A. Brennan, Federal Coordinator, Department of Energy, Idaho Operations Office, 1955 Fremont Avenue, MS-1216, Idaho Falls, ID 83415. Phone (208) 526-3993; Fax (208) 526-1926 or e-mail:

shannon.brennan@nuclear.energy.gov or visit the Board's Internet home page at: <http://www.inlemcab.org>.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE in the areas of environmental restoration, waste management, and related activities.

Tentative Topics (agenda topics may change up to the day of the meeting; please contact Shannon A. Brennan for the most current agenda):

- Progress to Clean-up (Environmental Management Status).
- Calcine Update.

- Engineering Test Reactor Engineering Evaluation/Cost Analysis.
- TAN-607 Hot Shop Engineering Evaluation/Cost Analysis.

- Tank Farm Grouting Update.
- Spent Nuclear Fuel Update.

Public Participation: The meeting is open to the public. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral presentations pertaining to agenda items should contact Shannon A. Brennan at the address or telephone number listed above. The request must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comment will be provided a maximum of five minutes to present their comments.

Minutes: The minutes of this meeting will be available for public review and copying at the U.S. Department of Energy's Freedom of Information Public Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue, SW., Washington, DC 20585 between 9 a.m. and 4 p.m., Monday through Friday, except Federal holidays. Minutes will also be available by writing to Shannon A. Brennan, Federal Coordinator, at the address and phone number listed above.

Issued at Washington, DC on December 21, 2006.

Rachel Samuel,

Deputy Advisory Committee Management Officer.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8262-3]

Science Advisory Board Staff Office; EPA Clean Air Scientific Advisory Committee (CASAC); CASAC Ozone Review Panel Notification of a Public Advisory Committee Meeting (Teleconference)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces a public teleconference of the Clean Air Scientific Advisory Committee (CASAC) Ozone Review

Panel (CASAC Panel) to review EPA's Final Review of the National Ambient Air Quality Standards for Ozone: Policy Assessment of Scientific and Technical Information (Final Ozone Staff Paper, January 2007), focusing on Chapter 6 (The Primary O₃ NAAQS) and Chapter 8 (The Secondary O₃ NAAQS).

DATE: The teleconference meeting will be held on Monday, January 29, 2007, from 1 to 5 p.m. (Eastern Time).

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to obtain the teleconference call-in number and access code; submit a written or brief oral statement (three minutes or less); or receive further information concerning this teleconference meeting, must contact Mr. Fred Butterfield, Designated Federal Officer (DFO). Mr. Butterfield may be contacted at the EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; or via telephone/voice mail: (202) 343-9994; fax: (202) 233-0643; or e-mail at: butterfield.fred@epa.gov. General information concerning the CASAC or the EPA SAB can be found on the EPA Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC, which is comprised of seven members appointed by the EPA Administrator, was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. The CASAC provides advice, information and recommendations on the scientific and technical aspects of issues related to air quality criteria and NAAQS under sections 108 and 109 of the Act. The CASAC is chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The CASAC Ozone Review Panel consists of the seven CASAC members supplemented by subject-matter-experts. The CASAC Ozone Review Panel provides advice and recommendations to EPA concerning ozone and related photochemical oxidants in ambient air. The Panel complies with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the national ambient air quality standards (NAAQS) for the six "criteria" air pollutants, including ambient ozone. Pursuant to sections 108 and 109 of the Act, EPA is in the process of reviewing the ozone NAAQS, which the Agency most recently revised in July 1997. EPA's Office of Air Quality
