Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Proposed Project: 2006 National Survey on Drug Use and Health—(OMB No. 0930-0110)—Revision

The National Survey on Drug Use and Health (NSDUH), formerly the National Household Survey on Drug Abuse (NHSDA), is a survey of the civilian, noninstitutionalized population of the United States 12 years old and older. The data are used to determine the

prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

For the 2006 NSDUH, additional questions are being planned regarding self-help drug treatment, use of additional hallucinogens, prescription drugs and over the counter medications, respondent's place of residence, and alcohol consumption practices. To maintain the respondent burden at 60 minutes per interview, a few questions will be deleted. The remaining modular components of the questionnaire will remain essentially unchanged except for minor modifications to wording.

As with all NSDUH/NHSDA surveys conducted since 1999, the sample size of the survey for 2006 will be sufficient to permit prevalence estimates for each of the fifty states and the District of Columbia.

The total annual burden estimate is shown below:

Activity	Number of respondents	Number of responses per respondent	Average burden hours per respondent	Total burden hours
Household Screening	182,250	1	.083	15,127
Interview	67,500	1	1.0	67,500
Re-interview	3,100	1	1.0	3,100
Screening Verification	5,494	1	.067	368
Interview Verification	10,125	1	.067	678
Re-Interview Verification	1,550	1	.067	104
TOTAL	182,250			86,877

Written comments and recommendations concerning the proposed information collection should be sent by September 15, 2005 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Dated: August 10, 2005.

Proposed Project: SAMHSA/CMHS Initiative To Reduce/Eliminate Seclusion and Restraint: 8 State Incentive Grants and Coordinating Center—NEW

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS), has funded an Initiative to Reduce/Eliminate Seclusion and Restraint (S/R) which consists of 8 State Incentive Grants to Build Capacity for Alternatives to Restraint and Seclusion (SM04-007) and a Coordinating Center to Support S/R State Incentive Grants. This initiative is designed to promote the implementation and evaluation of best practice approaches to reducing the use of restraint and seclusion in mental health facilities. Grantees consist of 8 sites (state mental health agencies), most of which will be implementing interventions in multiple facilities (a total of 49 facilities). These include

facilities serving adults and those serving children and/or adolescents, with various subgroups such as forensic and sexual offender populations.

With input from multiple experts in the field of restraint and seclusion and alternatives to restraint and seclusion, the project created a common core of data collection instruments that will be used for this cross-site project. The facilities will complete four different instruments: (1) Facility/Program Characteristics Inventory (information

about type of facilities, characteristics of persons served, staffing patterns, and unit specific data); (2) Inventory of Seclusion and Restraint Reduction Interventions; (3) Treatment Episode Data (admission data for all clients/patients); and (4) Event Data (data about the use of restraint and seclusion). Data will be submitted by the sites electronically via a secured Web site.

The Facility/Program Characteristic Inventory and Inventory of Seclusion and Restraint Reduction Intervention

will be collected annually. The Treatment Episode Data and Event Data will be collected monthly.

The resulting data will help to identify the: (1) Number of programs adopting best practices involving alternative approaches to restraint and seclusion; and (2) program's impact of reducing restraint and seclusion use and adoption of alternative practices. The estimated annual response burden to collect this information is as follows:

Instrument	Number of respondents	Responses/ respondent	Burden/ response (hours)	Annual burden (hours)
Facility/Program Characteristic Inventory	49	1	4	196
Inventory of Seclusion and Restraint Reduction Interventions	49	1	2	98
Treatment Episode Data	49	12	8	4,704
Event Data	49	12	8	4,704
Total	49			9,702

Written comments and recommendations concerning the proposed information collection should be sent by September 15, 2005 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Center for Substance Abuse Prevention; Notice of Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Substance Abuse and Mental Health Services Administration (SAMHSA) Drug Testing Advisory Board on September 7-8, 2005.

A portion of the meeting will be open and will include a roll call, general announcements, a Department of Health and Human Services drug testing program update, a Department of Transportation drug testing program update, and a Nuclear Regulatory

Commission drug testing program update.

Attendance by the public will be limited to space available. Public comments are welcome. Please communicate with the individual listed below as contact to make arrangements to comment or to request special accommodations for persons with disabilities.

The Board will also meet to develop the analytical and administrative policies for the final revisions to the Mandatory Guidelines for Federal Workplace Drug Testing Program that were published as proposed revisions in the **Federal Register** on April 13, 2004 (69 FR 19673). The submissions from 285 commenters have been made available to the public on the Web site <http://workplace.samhsa.gov>. This meeting will be conducted in closed session since discussing such public comments in open session and then developing the policies will significantly frustrate the Department's ability to develop the final notice of revisions to the Mandatory Guidelines for Federal Workplace Drug Testing Programs. The HHS Office of General Counsel made the determination that such matters are protected by exemption 9(B) of section 552(b) of title 5 U.S.C. and therefore may be closed to the public.

Substantive program information and a roster of Board members may be obtained by accessing the SAMHSA workplace Web site (<http://workplace.samhsa.gov>) or communicating with the contact whose name and telephone number are listed below. The transcript for the open session will be available on the

SAMHSA workplace Web site as soon as possible after the meeting.
