#### Receipt of Applications for Incidental Take Permits and Availability of an Environmental Assessment Associated With an Amendment to the Ocean Trails Habitat Conservation Plan, City of Rancho Palos Verdes, Los Angeles County, CA

**AGENCY:** Fish and Wildlife Service.

**ACTION:** Notice of availability.

**SUMMARY:** Ocean Trails, L.P. and the City of Rancho Palos Verdes (Applicants) have applied to the Fish and Wildlife Service for approval of an amendment to the Ocean Trails Habitat Conservation Plan and for issuance of incidental take permits pursuant to section 10(a)(1)(B) of the Endangered Species Act, 1973, as amended (Act). In 1997, the Service issued incidental take permit PRT-799348 to the Palos Verdes Land Holdings Company and the Zuckerman Building Company for incidental take of the threatened coastal California gnatcatcher (*Poliophtila californica californica*) and other species associated with the Ocean Trails Project in Rancho Palos Verdes, California.

Subsequently, the original permittees formed the Ocean Trails, Limited Partnership, a new legal entity that proposes to assume the responsibilities of the original permittees. Since permit issuance, a landslide and road damage have occurred within habitat areas that were established as mitigation for the Ocean Trails Project. Both Applicants now seek permits for a period of 10 years that would authorize incidental take of the coastal California gnatcatcher associated with landslide and road repair proposed under the amendment to the Habitat Conservation Plan. In addition, Ocean Trails, L.P. seeks to transfer permit PRT-799348 to itself and to add the endangered Palos Verdes blue butterfly (*Glaucopsyche lygdamus palosverdesensis*) to this amended permit in the event that this species colonizes the planning area.

The Service seeks public comment on the permit applications, which include an Assumption Agreement for Ocean Trails L.P., as well as amendments to the original Habitat Conservation Plan and to the Implementation Agreement that defines the responsibilities of the parties under the Plan. We also seek comment on an amendment to the Environmental Assessment for our proposed permit actions. All comments will become part of the administrative record and may be released to the public.
