### Notice of Lodging of a Consent Decree Under the Clean Water Act

Notice is hereby given that on December 29, 2011, a proposed Consent Decree in *United States and State of Indiana v. City of South Bend, Indiana*, Civil Action No. 3:11CV505 was lodged with the United States District Court for the Northern District of Indiana.

In this case, the United States and the State of Indiana (Indiana) seek civil penalties and injunctive relief for violations of the Clean Water Act, 33 U.S.C. 1251 *et seq.*, Title 13 of the Indiana Code, Title 327 of the Indiana Administrative Code, and certain terms and conditions of National Pollution Discharge Elimination System permits that Indiana issued to the City of South Bend (South Bend) for the relevant time periods, related to alleged discharges of untreated sewage from South Bend's combined sewer collection system, i.e. "combined sewer overflows," during wet weather events, and some dry weather time periods, into "waters of the United States" and "waters of the state."

The proposed Consent Decree would require South Bend to reduce its combined sewer overflows by comprehensively upgrading and expanding its sewage collection, storage, conveyance, and treatment system, at a cost of approximately \$509.5 million in 2007 dollars. South Bend must complete these improvements by December 31, 2031 or, if South Bend demonstrates financial hardship, by December 31, 2036. Additionally, the proposed Decree requires South Bend to pay a total civil penalty of \$88,200 split equally between the United States and the State of Indiana.
