SUPPLEMENTARY INFORMATION:

Background on the Labeling of Distilled Spirits

TTB Authority

The Alcohol and Tobacco Tax and Trade Bureau (TTB) administers regulations regarding the labeling of distilled spirits that include setting forth "standards of identity." The authority to establish these standards is based on section 105(e) of the Federal Alcohol Administration Act (FAA Act), codified in the United States Code at 27 U.S.C. 205(e). That section authorizes the Secretary of the Treasury (the Secretary) to prescribe regulations relating to the "packaging, marking, branding, and labeling and size and fill" of alcohol beverage containers "as will prohibit deception of the consumer with respect to such products" and "as will provide consumers with adequate information as to the identity and quality of the products * * *." Section 105(e) of the FAA Act also generally requires bottlers and importers of alcohol beverages to obtain certificates of label approval (COLAs) prior to bottling or importing alcohol beverages for sale in interstate commerce.

TTB administers these FAA Act provisions pursuant to section 1111(d)
