DEPARTMENT OF LABOR**Occupational Safety and Health Administration****29 CFR Parts 1910 and 1926**

[Docket No. OSHA-2006-0049]

Respiratory Protection; Mechanical Power Presses; Scaffold Specifications; Correction and Technical Amendment

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Final rule; correction and technical amendment.

SUMMARY: OSHA is correcting the medical evaluation questionnaire in Appendix C of its Respiratory Protection standard by removing the term “fits” in a question. OSHA also is correcting its Mechanical Power Presses standard for general industry by restoring requirements that were removed inadvertently from the regulatory text. Finally, the Agency is correcting a cross reference made in two paragraphs in

Appendix A to subpart L of its scaffold standards for construction.

DATES: The effective date for the corrections and technical amendment to the standards is August 7, 2012.

SUPPLEMENTARY INFORMATION:**I. Background**

A. Appendix C (Mandatory) to § 1910.134 (Respiratory Protection)

In the Standards Improvement Project-Phase III (SIP-III) final rule, published on June 8, 2011 (76 FR 33590), OSHA revised question 2.a in the OSHA Respirator Medical Evaluation Questionnaire, Appendix C, Part A, Section 2, of its Respiratory Protection standard (§ 1910.134) by deleting the word “fits,” leaving only the word “seizures” to describe the applicable medical condition. OSHA received no public comment on this revision in the proposed SIP-III rule (75 FR 38646, 38650). Therefore, in the final SIP-III rule, OSHA determined that (1) use of the term “fits” is outdated, unnecessary, and offensive, and (2) this revision would have no effect on administration of, or responses to, the questionnaire (76 FR 33590, 33595). Subsequent to publication of the SIP-III final rule, OSHA found an additional use of the term “fits” in Appendix C of § 1910.134: namely, question 7.d. This **Federal Register** notice will remove the term “fits” from question 7.d.

In addition, when OSHA promulgated the revised Respiratory Protection standard on January 8, 1998 (63 FR 1152), the introductory language of Appendix C included the following prefatory question to the employee: “Can you read (circle one): Yes/No.” Because this question is illogical (i.e., employees who cannot read cannot respond validly to the question), this **Federal Register** notice will remove this question from Appendix C of § 1910.134.

B. Mechanical Power Presses (§ 1910.21)

On December 27, 2011, OSHA published a **Federal Register** notice
