POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**STORAGE:**

Records are on a computer database as well as in hard copy.

RETRIEVABILITY:

The records in this system are indexed by the name of the individual and/or a number assigned to each individual.

SAFEGUARDS:

All physical access to the Department's site, and the sites of Department contractors where this system of records is maintained, controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a "need to know" basis, and controls individual users' ability to access and alter records within the system. The contractor, InfoUse, has established a set of procedures to ensure confidentiality of data. The system ensures that information identifying individuals is in files physically separated from other research data. InfoUse will maintain security of the complete set of all master data files and documentation. Access to individually identifiable data will be strictly controlled. All data will be kept in locked file cabinets during nonworking hours, and work on hardcopy data will take place in a single room, except for data entry. Physical security of electronic data will also be maintained. Security features that protect project data include password-protected accounts that authorize users to use the InfoUse system but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; e-mail passwords that authorize the user to access mail services and additional security features that the network administrator establishes for projects as needed.

RETENTION AND DISPOSAL:

Records are maintained and disposed of in accordance with the Department's Records Disposition Schedules (ED/RDS).

ENVIRONMENTAL PROTECTION AGENCY

[R01-OAR-2005-ME-0006; FRL-7962-5]

Adequacy Status of Submitted State Implementation Plans (SIP) for Transportation Conformity Purposes: 5 Percent Increment of Progress Motor Vehicle Emissions Budgets for the Portland Maine 8-Hour Ozone Nonattainment Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy determination.

SUMMARY: In this action, EPA is notifying the public that we have found the on-road motor vehicle emissions budgets contained in the Portland Maine marginal 8-hour ozone nonattainment area 5 Percent Increment of Progress SIP adequate for transportation conformity purposes. As a result of our finding, the motor vehicle emissions budgets from the submitted SIP revision must be used for future conformity determinations in the Portland Maine area.

DATES: These motor vehicle emissions budgets are effective September 14, 2005.

FOR FURTHER INFORMATION CONTACT: The essential information in this notice will be available at EPA's conformity Web site: <http://www.epa.gov/oms/transp/conform/adequacy.htm>. You may also contact Mr. Donald O. Cooke, Air Quality Unit, U.S. Environmental Protection Agency, EPA New England Regional Office, One Congress Street, Suite 1100 (CAQ), Boston, MA 02114-2023, telephone number (617) 918-1668, fax number (617) 918-0668, e-mail cooke.donald@epa.gov.

SUPPLEMENTARY INFORMATION: By letters dated June 9, 13 and 14, 2005, the Maine Department of Environmental Protection (ME DEP) submitted to EPA its State Implementation Plan Revision for Portland Maine's 15 Percent Rate of Progress Plan; 5 Percent Increment of Progress Plan; Motor Vehicle Emissions Budget; and 2002 Base Year Emission Inventory. As the 1-hour ozone standard was revoked on June 15, 2005, and the Portland Maine 1-hour ozone nonattainment area covers a different geographic area than the Portland Maine 8-hour ozone nonattainment area, EPA has not taking action to determine the adequacy of the 1-hour motor vehicle emission budgets, nor is EPA approving the 1-hour budgets for conformity purposes. The 2007 volatile organic compounds (VOC) and nitrogen oxides (NO_x) motor vehicle emissions budgets
